Series 2009 Tax Notes based upon the initial Base Rates shall not be greater than the maximum rate permitted by law. Except as hereinafter provided, interest on each of the Series 2009 Tax Notes shall be payable at the applicable Maturity Date to the registered owner of record as of the applicable Regular Record Date. Interest on the Series 2009 Tax Notes shall be calculated on such basis as is set forth in the Sale Order. The principal and interest on the Series 2009 Tax Notes sold in a private placement shall be payable to the note purchaser at such place as shall be designated in the Sale Order. The principal and interest of the Series 2009 Notes sold in a public sale to the Underwriter shall be payable at the Transfer Agent as principal paying agent or at such other co-paying agents as may be designated in the Sale Order, upon presentation and surrender of the appropriate Series 2009 Notes.

The Series 2009 Notes shall be dated such date or dates as determined in the Sale Order and will be issued in Authorized Denominations. Except for Series 2009 Tax Notes sold through a private placement to a note purchaser, the transfers of which shall be governed by the terms of the Purchase Contract, the registered owner of any Series 2009 Tax Note may exchange such Series 2009 Note for other Series 2009 Tax Notes, of the same series and like maturity in Authorized Denominations by surrendering the Series 2009 Notes to be exchanged at the designated office of the Transfer Agent, together with an assignment duly executed by the registered owner thereof or his attorney or legal representative in such form as shall be satisfactory to the Transfer Agent.

Except as hereinbelow provided, all of the Series 2009 Notes will be issued in a book-entry system of registration, and actual purchasers of the Series 2009 Notes will not receive certificated Series 2009 Notes; provided, however, that the Finance Director may determine not to continue the system of book-entry registration, in which event fully registered note certificates, subject to the transfer and exchange requirements of this Resolution, shall be issued to the registered owners of the Series 2009 Notes. It is intended that the Series 2009 Notes be registered so as to participate in a securities depository system (the "DTC System") with DTC, as set forth herein. Each of the Series 2009 Tax Notes shall be initially issued in the form of a separate single fully registered note in the amount of each separate stated maturity thereof, if any. Upon initial issuance, the ownership of each such Series 2009 Note shall be registered in the name of Cede & Co., as the nominee of DTC, and except as provided below with respect to termination of the book-entry only system, all of the outstanding Series

2009 Notes shall be registered in the name of Cede & Co., as the nominee of DTC. The Finance Director is authorized to execute and deliver such letters to or agreements with DTC as shall be necessary to effectuate the DTC system, including the Representation Letter. At the discretion of the Finance Director as confirmed in the Sale Order, if the Series 2009 Notes are privately placed with a note purchaser, the note purchaser shall be the registered owner of the Series 2009 Notes and this paragraph and the following two paragraphs and the provisions of this Resolution regarding the DTC System of registration shall be disregarded and of no force or effect.

With respect to Series 2009 Notes registered in the name of Cede & Co., as nominee of DTC, the City and the Transfer Agent shall have no responsibility or obligation to any broker-dealer, bank or other financial institution for which DTC holds Series 2009 Notes from time to time as securities depository (a "Depository Participant") or to any Person on behalf of whom such a Depository Participant holds an interest in the Series 2009 Notes (an "Indirect Participant"). Without limiting the immediately preceding sentence, the City and the Transfer Agent shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co., any Depository Participant or any Indirect Participant with respect to any ownership interest in the Series 2009 Notes, (ii) the delivery to any Depository Participant or any Indirect Participant or any other Person, other than a registered owner of a Series 2009 Note, of any notice with respect to the Series 2009 Notes, or (iii) the payment to any Depository Participant or any Indirect Participant or any other Person, other than a registered owner of a Series 2009 Note, of any amount with respect to principal of or interest on the Series 2009 Notes. While in the DTC System, no Person other than Cede & Co., or any successor thereto, as nominee for DTC, shall receive a Series 2009 Note certificate evidencing the obligation of the City to make payments of principal and interest pursuant to this Resolution. Upon delivery by DTC to the Transfer Agent of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Resolution with respect to interest checks or drafts being mailed to the registered owner, the word "Cede & Co." in this Resolution shall refer to such new nominee of DTC; and upon receipt of such a notice the Transfer Agent shall promptly deliver a copy of the same to each paying agent, if any.

In the event that (a) the City determines that DTC is incapable of discharging the responsibilities described herein and in the Representation Letter, (b) the

Representation Letter shall be terminated for any reason or (c) DTC or the City determines that it is in the best interest of the beneficial owners of any series of the Series 2009 Notes that they be able to obtain certificated notes, the City shall notify DTC and DTC Participants of the availability through DTC of note certificates and such series of the Series 2009 Notes shall no longer be restricted to being registered in the name of Cede & Co., as nominee of DTC. At that time, the City may determine that such series of the Series 2009 Notes shall be registered in the name of and deposited with a successor depository operating a securities depository system, as may be acceptable to the City, or such depository's agent or designee, and if the City does not select such alternate securities depository system then such series of the Series 2009 Notes may be registered in whatever name or names the registered owners of such series of the Series 2009 Notes transferring or exchanging such series of the Series 2009 Notes shall designate, in accordance with the provisions hereof.

Notwithstanding any other provisions of this Resolution to the contrary, so long as any Series 2009 Note is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of and interest on such Series 2009 Note and all notices with respect to such Series 2009 Note shall be made and given, respectively, in the manner provided in the Representation Letter.

The Series 2009 Notes may or may not be subject to redemption prior to maturity as determined by the Finance Director in the Sale Order.

**Section 6. Payment of Series 2009 Tax Notes.** The full faith and credit of the City is hereby irrevocably pledged for the payment of principal of and interest on the Series 2009 Tax Notes and in case of insufficiency the Pledged Taxes for the payment thereof, the City hereby irrevocably pledges to levy ad valorem taxes in the 2010/2011 fiscal year of the City on all taxable property in the City, within the applicable constitutional, statutory and charter limitations, for the purpose of paying for a portion of the operating expenditures of the City and for the repayment of the Series 2009 Tax Notes from the receipt thereof.

The City hereby covenants that to secure payment of the Series 2009 Tax Notes, from the first collections of Pledged Property Taxes, there shall be set aside in the Pledged Property Tax Account established under Section 8 hereof, to be used exclusively for the payment of principal and interest on the Series 2009 Tax Notes, a portion of each dollar collected that is not less than 125% of the percentage that the principal amount of the Series 2009 Tax Notes bears to the amount of the

Pledged Property Taxes from which such dollar is collected until the amount set aside in the Pledged Property Tax Account is sufficient to pay in full the principal of and interest of the Series 2009 Tax Notes on the applicable Maturity Date. The set aside requirements of the preceding sentence (the "Set Aside Requirements") shall apply to each installment of Pledged Property Taxes collected by the City. If the amount of Pledged Property Taxes deposited in the Pledged Property Tax Account is less than the Set Aside Requirements or the minimum monthly balance requirements (the "Minimum Monthly Balance"), if any, established by the Finance Director under the Sale Order, the City shall deposit the first collections of Pledged Income Taxes into the Note Repayment Fund in such amount as required to satisfy such deficiency. If the balance in the Note Repayment Fund exceeds the Minimum Monthly Balance requirement as of any date, the City may withdraw funds from the Pledged Income Tax Account in the amount of such surplus; provided, that funds may not be withdrawn from the Pledged Property Taxes Account even if the amounts on deposit exceed the Minimum Monthly Balance requirements. The Finance Director is authorized to establish in the Sale Order a schedule for minimum periodic Set Aside Requirements or requirements for the set aside of the Pledged Current Income Taxes for deposit in the Pledged Income Tax Account as additional security to pay the Series 2009 Tax Notes.

Subject to Section 8 hereof, moneys on deposit in the Note Repayment Fund may be used only to pay the outstanding principal of and interest on the Series 2009 Tax Notes. If the City determines that issuing the Series 2009 Tax Notes will result in a deficiency in the funds available to pay the necessary operating expenditures of the City during the 2010/2011 fiscal year, the City shall levy additional taxes in the future within applicable constitutional, charter, and statutory limits to prevent a continuation of the deficiency from year to year.

After the payment in full of all principal of and interest on the Series 2009 Tax Notes at the applicable Maturity Date or thereafter, and if the City has no further payment obligations to the holders of such Series 2009 Tax Notes and the City has paid all amounts owed to any credit enhancement provider which has paid principal of and interest on the Series 2009 Tax Notes, the balance on deposit in the Note Repayment Fund may be disbursed to the City for use as provided by Act 34 upon the filing with the Transfer Agent of a certificate of the Finance Director stating that no further obligations are due from the City to holders of the Series 2009 Tax Notes or to any credit

enhancement provider with respect thereto.

The City hereby reserves the right to issue additional notes payable from the Pledged Taxes, within the limitations provided by applicable law, except as otherwise determined by the Finance Director in the Sale Order.

Section 7. Credit Enhancement and Other Agreements. The Finance Director is authorized to negotiate, obtain and enter into one or more agreements with respect to a letter of credit, policy of bond insurance, surety bond, guarantee or similar instrument issued by a financial, insurance or other institution, and which provides security in respect of all or part of the Series 2009 Notes, provided that the Finance Director determines that such credit enhancement is in the best interests of the City. The Finance Director is also authorized to obtain and enter into one or more forward commitments to provide a letter of credit, bond insurance, a surety bond, guarantee or similar instrument issued by a financial, insurance or other institution, and which provides security in respect of any amount of Series 2009 Notes which may be issued subsequent to the initial issues of Series 2009 Notes, as the Finance Director shall determine, provided that the Finance Director determines that such forward commitment for such credit enhancement is in the best interests of the City. The Finance Director is hereby authorized to pay for the cost of such forward commitment from the proceeds of the Series 2009 Notes or any other funds of the City legally available therefor.

In connection with the execution of any of the agreements authorized by this Section 7, the Finance Director is authorized to include in the Sale Order, such covenants and agreements of the City as shall be necessary or appropriate, and, if necessary or appropriate, to appoint a trustee to further secure payment of the Series 2009 Notes and to prescribe the powers and duties of such trustee in the Sale Order.

Section 8. Funds and Accounts: Flow of Funds. There is hereby established pursuant to this Resolution a trust fund to be held by the City and designated the "Note Proceeds Fund Series 2009" for receipt of the proceeds of the Series 2009 Notes, except for accrued interest, if any.

There is hereby established pursuant to this Resolution a special trust fund to be held by the City in a bank account separate from any other money of the City, which bank account may be established with and held by the purchaser of the Series 2009 Notes, as determined by the Finance Director and specified in the Sale Order, and designated the "Note Repayment Fund, Series 2009(C)" (the "Note Repayment Fund"). The Finance Director is authorized to establish within the Note

Repayment Fund two subaccounts for the Series 2009 Tax Notes designated, the "Pledged Property Tax Account" and the "Pledged Income Tax Account" and such further subaccounts as the Finance Director deems necessary or appropriate. Moneys in the Note Repayment Fund shall not be commingled with any other moneys and shall be used only to pay the Series 2009 Notes. There shall be deposited in the Pledged Property Tax Account the Pledged Property Taxes collected by the City for repayment of the Series 2009 Tax Notes in accordance with the set aside requirement of Act 34 and this Resolution pursuant to Section 6 hereof. There shall be deposited in the Pledged Income Tax Account, the Pledged Current and the Pledged Income Taxes received by the City for repayment of the Series 2009 Notes in accordance with the requirements of Section 6 of this Resolution. Until the Series 2009 Notes are paid in full and any obligations to a provider of credit enhancement with respect thereto have been satisfied, money in the Note Repayment Fund shall be used for no other purpose other than to pay Series 2009 Notes issued under this Resolution.

Anything in this Section 8 to the contrary notwithstanding, in the event the City obtains a direct pay letter of credit to pay principal of and interest on the Series 2009 Tax Notes when due, then within the Note Repayment Fund, there shall be established a Payment and Reimbursement Subaccount and a Credit Facility Drawing Subaccount. All Pledged Taxes set aside in accordance with Act 34 and/or this Resolution shall be deposited in the Payment and Reimbursement Subaccount of the Note Repayment Fund. Amounts drawn on a letter of credit shall be deposited in the Credit Facility Drawing Subaccount and shall be used to pay principal of and interest on the Series 2009 Notes when due. Moneys in a Payment and Reimbursement Subaccount shall first be used to the extent necessary to pay, when due, principal of and interest on the Series 2009 Notes. To the extent that moneys in a Payment and Reimbursement Subaccount are not needed for such purpose as a result of payment of such principal and interest by a draw on a letter of credit, such moneys shall be used to reimburse the applicable letter of credit provider.

Section 9. Series 2009 Note Proceeds. From the proceeds of the sale of the Series 2009 Notes there shall be immediately deposited in the Note Repayment Fund an amount equal to the accrued interest, if any, received on the delivery of the Series 2009 Tax Notes.

The balance of the proceeds of the sale of the Series 2009 Notes shall be deposited in the Note Proceeds Fund Series 2009 and used to pay for Issuance Costs

and operating expenditures of the City for the current fiscal year (2009/2010).

Section 10. Series 2009 Note Forms. The Series 2009 Tax Notes shall be in substantially the form set forth in Exhibit A attached hereto, with such changes and additions (including without limitation, to reflect any applicable credit enhancement or requirements of the purchasers of the Series 2009 Notes) as shall be established by the Finance Director pursuant to the Sale Order within the parameters of this Resolution.

Section 11. Covenants Regarding Exclusion of Interest on the Series 2009 Notes for Federal Tax Purposes. The City hereby covenants and represents with the registered owners of the Series 2009 Notes that so long as any of the Series 2009 Notes remain outstanding and unpaid as to either principal or interest, the City shall, to the extent permitted by law, take all actions within its control to maintain, and will refrain from taking any action which would impair the exclusion of the interest on the Series 2009 Notes issued on a tax exempt basis, from gross income for federal income tax purposes under the Code, including, but not limited to, actions relating to any required rebate of arbitrage earnings and the expenditure and investment of Series 2009 Notes proceeds and moneys deemed to be proceeds of Series 2009 Notes issued on a tax exempt basis, and to prevent the Series 2009 Notes issued on a tax exempt basis, from being or becoming "private activity bonds" as that term is used in Section 141 of the Code or an "arbitrage bond," as that term used in Section 148 of the Code.

Section 12. Continuing Disclosure. Unless otherwise set forth in the Sale Order because of an exemption from Rule 15c-2-12 (the "Rule"), the City hereby agrees to abide by the provisions of the Rule so long as any Series 2009 Notes are outstanding. The Finance Director is hereby authorized to execute one or more continuing disclosure undertakings of the City which comply with the provisions of the Rule.

Section 13. Defeasance. In the event cash or direct obligations of the United States or obligations the principal of and interest on which are guaranteed by the United States, or a combination thereof, the principal of and interest on which, without reinvestment, come due at times and in amounts sufficient to pay at maturity or irrevocable call for earlier optional redemption, the principal of, premium, if any, and interest on the applicable series of the Series 2009 Notes shall be deposited in trust, this Resolution shall be defeased in respect of such Series 2009 Notes and the owners of such Series 2009 Notes shall have no further rights under this Resolution except to receive payment of the principal of, premium, if any, and

interest on such Series 2009 Notes from the cash or securities deposited in trust and the interest and gains thereon and to transfer and exchange notes as provided herein.

Section 14. Sale of Series 2009 Notes.

(a) The Series 2009 Notes shall be sold at negotiated sale to the Underwriters named in the Purchase Contract in a form on file with the Finance Director, with such changes thereto as the Finance Director shall determine are in the best interests of the City, within the parameters established herein. Such changes within the parameters of this Resolution shall be conclusively established by the Finance Director's execution and delivery of the applicable Purchase Contract to the representative of the Underwriters (the "Representative"). The Finance Director is authorized to accept, on behalf of the City, an offer from the Representative to purchase the applicable Series 2009 Notes wherein the aggregate compensation to be paid to the Underwriters thereof shall not be more than 1% of the original principal amount of the applicable Series 2009 Notes, on terms and conditions provided in the Purchase Contract approved by the Finance Director. The Finance Director is authorized to negotiate additional terms and covenants with the Underwriters as may be necessary to assure repayment of the debt service on the Series 2009 Notes, which additional terms and covenants shall be incorporated in the Purchase Contract, or the final forms of the Series 2009 Notes and confirmed in the Sale Order.

(b) The sale of the Series 2009 Notes to the Underwriters pursuant to a negotiated sale is hereby approved. The reasons for choosing a negotiated sale instead of a competitive sale include the belief of the City Council, based upon the recommendation of the Finance Director and the City's Financial Advisors, that a negotiated sale will allow the Series 2009 Notes to be offered to investors in the most efficient manner possible while also allowing sufficient flexibility to adjust to market structuring and timing demands in order to result in the lowest possible borrowing costs to the City.

The Purchase Contract shall be dated the date of the sale of the applicable Series 2009 Notes. The Finance Director is hereby authorized and directed to execute the Purchase Contract for and on behalf of the City and, upon execution by the Representative, to receive the good faith check, if any, described therein.

(c) The Finance Director is authorized to determine whether to require a good faith check from the Underwriters or, in lieu thereof, to require the Underwriters to pay liquidated damages to the City for the failure (other than as permitted by the Purchase Contract) to accept delivery of, and pay for, the Series 2009 Notes.

Section 15. Delegation of Authority to, and Authorization of Actions of, Finance Director.

(a) The Finance Director is authorized to exercise the authority and make the determinations authorized by Section 315(1)(d) of Act 34 and shall determine, in addition to any determinations authorized elsewhere in this Resolution, on the basis of his evaluation of the maximum amount of Series 2009 Tax Notes which can be sold, given anticipated interest rates or for any other reasons, whether to issue the full authorized amount of the Series 2009 Tax Notes as specified in Section 3 of this Resolution and whether to issue the Series 2009 Tax Notes as two or more series on a tax exempt and/or taxable basis per series. If the Finance Director determines to offer either of the Series 2009 Tax Notes as more than one series, then each separate series shall conform to the requirements established in this Resolution, shall bear a distinctive designation, consistent with the definition of the term "Series 2009 Tax Notes" herein, as shall be determined by the Finance Director. In such case the Finance Director shall have the power and authority to make all determinations and decisions with respect to each such series. The Finance Director may also cause the preparation of and approve the form and distribution of one or more preliminary official statements (collectively, the "Preliminary Official Statement") and final official statements (collectively, the "Official Statement") or other offering materials to be used in conjunction with the sale or offering of the Series 2009 Notes and deem any Preliminary Official Statement "final" for purposes of the Rule. The Finance Director shall also determine and establish, in accordance with this Resolution, the Maturity Date or dates for the Series 2009 Notes.

(b) The Finance Director is hereby authorized and directed to do and perform any and all acts and things with respect to the Series 2009 Notes which are necessary or appropriate to carry into effect, consistent with this Resolution, the authorizations herein contained, including without limitation, obtaining financial advisory services, securing ratings by bond rating agencies, acquiring bond insurance, letter of credit, surety bond, guarantee or similar instrument issued by a financial, insurance or other institution, and which provides security in respect of all or part of the Series 2009 Notes, printing the Series 2009 Notes (if required), and incurring reasonable fees, costs and expenses incidental to the foregoing, for and on behalf of the City.

(c) The Mayor or, if permitted by law, the Finance Director, is authorized to file applications and to pay the related fees, if any, to the Michigan Department of

Treasury at his discretion under Act 34 for one or more Orders of Approval to issue all or a portion of the Series 2009 Notes, and such waivers or other Treasury approvals as necessary to implement the sale, delivery and security for the Series 2009 Notes as authorized herein, and as required by the Michigan Department of Treasury or Act 34.

(d) All determinations and decisions of the Finance Director with respect to the issuance and sale of the Series 2009 Notes as permitted or required by this Resolution shall be ratified, confirmed and approved in the Sale Order.

(e) Except as set forth in Section 17 hereof, during the Finance Director's absence or disability, or while the Finance Director's position is vacant, the Deputy Finance Director, any person serving as Finance Director or Deputy Finance Director in an acting or interim capacity, or any person designated by the Mayor in writing shall exercise all the powers, perform all the duties and make all the determinations required or permitted under this Resolution with respect to the Series 2009 Notes.

Section 16. Transfer Agent. Except as otherwise determined by the Finance Director in the Sales Order, the initial note registrar, paying agent, and Transfer Agent for the Series 2009 Notes shall be U.S. Bank National Association, Detroit, Michigan.

Section 17. Execution of Series 2009 Notes. The Mayor and the Finance Director are hereby authorized and directed to execute the Series 2009 Notes by manual or facsimile signature for and on behalf of the City and in its name, to impress or imprint thereon or affix thereto the official seal of the City or a facsimile thereof and to deliver the Series 2009 Notes to the Underwriters upon receiving the purchase price therefor in lawful money of the United States. During the Finance Director's absence or disability or while the Finance Director's position is vacant, the person serving as administrative head of the Finance Department shall execute the Series 2009 Notes in place of the Finance Director.

Section 18. Official Statement. Circulation of the Preliminary Official Statement, if any, and the Official Statement, if any, by the Underwriters shall be approved by the Finance Director, which approval shall be ratified in the Sale Order. The Finance Director is hereby authorized to execute the Official Statement with respect to the Series 2009 Notes in substantially the form of the Preliminary Official Statement, if any, or in any such form and with such changes as the Finance Director may authorize and containing the business terms set forth in the Sale Order. Anything in this Section 18 to the contrary notwithstanding, in the event that the Series 2009

Notes are privately placed with a bond purchaser, at the discretion of the bond purchaser, and subject to receipt by the City of an appropriate investment certificate from such bond purchaser, the Series 2009 Notes may be sold without a Preliminary Official Statement or final Official Statement.

**Section 19. Ratification.** All determinations and decisions of the Finance Director and of persons authorized herein to act during the Finance Director's absence or disability, or while the Finance Director's position is vacant, with respect to the issuance and sale of the Series 2009 Notes as permitted or required by this Resolution or by law are hereby ratified, confirmed and approved.

**Section 20. Additional Authorization.** The Mayor, City Clerk, Finance Director, other officials of the City, and their deputies and staff, or any of them, are hereby authorized to execute and deliver such certificates, documents, instruments, opinions and other papers as may be deemed necessary or appropriate to complete the sale, execution and delivery of the Series 2009 Notes as determined by such persons executing and delivering the foregoing items.

**Section 21. Resolution a Contract.** The provisions of this Resolution and the provisions of any Sale Order issued by the Finance Director pursuant to this Resolution shall constitute a contract between the City and any registered owner of the Series 2009 Notes.

**Section 22. Appointment of Note Counsel.** The appointment of the law firm of Miller, Canfield, Paddock and Stone, P.L.C., of Detroit, Michigan as Note Counsel for the Series 2009 Notes is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Series 2009 Notes. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C., shall be payable as part of the Issuance Costs from the proceeds of the Series 2009 Notes or other available funds of the City in accordance with the letter of such firm on file with the Finance Director.

**Section 23. Repeal; Savings Clause.** All other ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Resolution are, to the extent of such conflict, hereby repealed.

**Section 24. Severability; Paragraph Headings; and Conflict.** If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Resolution. The paragraph headings in this Resolution are furnished for convenience of reference only

and shall not be considered to be part of this Resolution.

**Section 25. Publication.** This Resolution shall be published in full in The Detroit Legal News, a newspaper of general circulation in the City qualified under State law to publish legal notices, promptly after its adoption.

**Section 26. Effective Date.** This Resolution shall be effective immediately upon adoption.

adopted by the City Council of the City of Detroit on \_\_\_\_\_, 2009 (the "Note Resolution"), for the purpose of providing funds to pay for a portion of the operating expenditures of the City for the City's fiscal year beginning July 1, 2009.

This Note is issued in anticipation of the receipt by the City of certain ad valorem property taxes levied on all taxable property in the City in the next succeeding fiscal year 2010/2011 of the City (the "Pledged Property Taxes") and certain income taxes levied by the City in the next succeeding fiscal year 2010/2011 of the City (the "Pledged Income Taxes") and collected in the next succeeding fiscal year of the City and certain income taxes levied by the City in the current fiscal year (2009/2010) and collected in the current fiscal year (the "Pledged Current Income Taxes", collectively, with the Pledged Property Taxes and the Pledged Income Taxes, the "Pledged Taxes"), which Pledged Taxes shall be set aside in a Note Repayment Fund in accordance with the Note Resolution for the prompt payment of the principal of and the interest on this Note when due. Additionally, the City has irrevocably pledged, and does hereby irrevocably pledge to set aside from the collection of the Pledged Property Taxes a portion of each dollar of Pledged Property Taxes collected by the City in its 2010/2011 fiscal year that is not less than 125% of the percentage that the principal amount of all notes issued under the Note Resolution and secured by Pledged Property Taxes bear to the amount of Pledged Property Taxes from which such dollar is collected until the amount set aside in the Note Repayment Fund for all Notes is sufficient to pay in full the principal of and interest on the Notes. In the event of any deficiency in the Monthly Balance Requirement (as defined in the Sale Order), the City shall deposit sufficient Pledged Income Taxes to satisfy such deficiency.

The City has reserved the right to issue additional notes secured by the Pledged Taxes within the limitations of applicable law.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and to be performed, precedent to and in the issuance of this Note and the Notes of this series, do exist, have happened and have been performed in due time, form and manner as required by the Note Resolution and the Constitution and statutes of the State of Michigan, and that

**JOSEPH T. LENTINE**

***Founder, Books for Kids Project***

By COUNCIL PRESIDENT K. COCKREL, JR.:

WHEREAS, Joseph T. Lentine, affectionately known as Joe, is a Michigan native, born in the City of Detroit in 1943. He graduated from Wayne State University with his Bachelors in Finance. For the past 44 years he has been married to his lovely wife, Leonette Lentine and the proud father of five children, and grandfather to 9 grandchildren (soon to be 10); and

WHEREAS, Mr. Lentine is an entrepreneur at heart and loves people. He is known as a do-er, and does not seek the spotlight. He believes in helping others — using his god-given talents to the benefit of those that he comes in contact with and the community at large; and

WHEREAS, In 1984, Joe partnered with a local City of Detroit dentist and founded DENCAP Dental Plans, a dental insurance company headquartered in the City of Detroit as one of the dental carriers for city employees and retirees. When the company was founded, much of the dentistry in the city was migrating to the suburbs, and Detroit based dentists were losing business. By pulling together a network of Detroit dentists and offering a low-cost, high dental benefit through a network DHMO (the first DHMO in the State of Michigan), the dentists in the City were stabilized and DENCAP Dental plans continues to grow; and

WHEREAS, In 2000, through working with Detroit Public Schools on dental coverage services, Joe recognized that many of the Detroit Schools have a great need for children's books. While textbooks are federally funded, supplemental reading and teaching books for children in the city were not available, out-of-reach and not cost-effective for most teachers to personally purchase for their classrooms. The need for reading materials for children touched Joe deeply and he set out to correct the problem; and

WHEREAS, In 2001, Joe gathered fellow Kiwanians together and started the "Books for Kids" project. He solicited major publishers for surplus inventory of children's books and was successful in obtaining a large 60,000 book donation. They were then donated to Detroit Public School teachers, and the project began. Every year, the project has grown and has distributed over 1,000,000 books in the past 8 years. Now being led by his son, the *Books for Kids* project distributed 200,000 children's books free of charge to underprivileged children in the City of Detroit in 2009; the project is housed at DENCAP Dental Plans located at 45 E. Milwaukee in the New Center area; and

WHEREAS, Volunteers from groups such as City Year Detroit, Cesar Chavez Academy, Communities in Schools, Americore, Hackwett Brass, Michigan Box Company and many others all contribute greatly to the project, Today, about 70% of the books are given to Detroit Schools, 20% to Headstart Programs, and 10% to wide variety of other organizations serving the youth of Detroit; and

WHEREAS, Today, Joe is partially retired and enjoying visiting and spending time with his children and grandchildren, he works part-time at DENCAP and is still very; active in Kiwanis. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby acknowledges, appreciates, and honors Joe T. Lentine for his dedication to The City of Detroit and its children not only for the Books for Kids Program but also for having maintained a dedicated Detroit business. We wish him continued success in the future.

##### **DISTINGUISHED WOMEN IN INTERNATIONAL SERVICE**

##### **“Women Working to Expand Friendship and Global Knowledge in Canada and Detroit”**

By COUNCIL MEMBER TINSLEY-TALABI:

WHEREAS, The Distinguished Women in International Service is an organization that was formed in 2004 in order to connect and educate peoples of African descent in metro Detroit and Southwestern Ontario. This group of dynamic women implements service projects and plans activities on both sides of the border to promote appreciation and understanding of our common history; and

WHEREAS, The DWIS is committed to offering high-quality programs of social value, many of which have merited media attention. The citizens of Chatham, Amherstburg, Buxton, Windsor and metro Detroit have been impacted by the services of the women involved. With local and international offerings, the DWIS focuses on educational growth experiences, youth leadership development, arts and culture, economic empowerment and health education. One signature program of the DWIS is the Women’s Enterprise and Skills Training Center, which helps women and children migrating to Canada. The ladies of the DWIS annually contribute business attire to women who are re-entering the workforce. And with the annual Infant and Children’s Benefit, over \$5,000 has been raised for students and over 300 families have been assisted with school uniforms and supplies; and

WHEREAS, Another important initiative of the Distinguished Women in International Service is the Hour-a-Day Study Club. Funds raised from their annual luncheon go to help African-Canadian high school seniors attend college and avoid heavy out-of-country fees. The DWIS members also work to ensure that people know about the significance of the Underground Railroad and the accomplishments of former Black slaves in Canada. In addition, ladies are frequently on hand to host workshops at local universities and schools. Because of this, generations of youth will continue to be

informed about the connection peoples of African descent share. NOW, THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby congratulates the Distinguished Women in International Service. We commend your great leadership toward the U.S. and Canadian communities, representing the values, dedication and love that keep the spirit of Detroit growing. Your efforts to expand friendship and global knowledge among African American women have not gone unnoticed. We wish you continued growth and success.

# CITY COUNCIL

(REGULAR SESSION)

(All Action of the City Council appearing herein is subject to reconsideration and/or approval of the Mayor.)

Detroit, Tuesday, October 20, 2009

Pursuant to adjournment, the City Council met at 10:00 A.M., and was called to order by the President Kenneth V. Cockrel, Jr.

Present — Council Members S. Cockrel, Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President K. Cockrel, Jr. — 7.

There being a quorum present, the City Council was declared to be in session.

The Journal of the Session of Tuesday, October 6, 2009, was approved.

### Invocation

All-Powerful God, our Creator who inspires in us every good work and sustains us in accomplishing Your will for peace and for the service of the Common Good,

We ask Your help in the work of our City Council. We ask You to inspire the men and women who have been elected as public servants to work diligently for the greater service and well being of our citizens.

You know the challengers we face. More than this, You know our temptations towards easy but ineffective solutions, and proposals that might put us in conflict, one with the other. Protect us by your mighty hand from ill-advised policy, from positions that would place us in conflict, from the "cheap shot."

Build in our hearts an earnest desire for the greater good, and the assumption of trust in the good will of all who have come to serve. In our search for a way among the pitfalls of economic scarcity and self-promotion, make us — as Jesus counsels — "as wise as serpents, and as innocent as doves" [Matthew 10:16].

Inspire in us, finally, the wisdom to always seek Your counsel . . . and the strength to always do Your Will.

By whatever name we know You, this and all we need, we humbly pray, O God. Amen.

Honorable City Council:

Re: Extension of Development Agreement Development: 14436 E. Jefferson; bounded by Chalmers and Marlborough.

On May 16, 2007 (Detroit Legal News,

June 4, 2007, Page 6), your Honorable Body authorized the sale of the above-captioned property to Shelborne Development Company, LLC, a Michigan Limited Liability Company, for the purpose of rehabilitating the existing structure into general office space.

Shelborne Development Company, LLC has informed the Planning and Development Department that due to unavoidable circumstances, they were not able to complete the project within the time allotted in the present Development Agreement. Due to the economic climate and weakening of the equity market, the Offeror has been delayed in the start of this project. However, architectural drawings have been approved by all appropriate parties, financing is now in place and the Offeror is ready to begin rehabilitation of the above building. Consequently, Shelborne Development Company, LLC is now requesting an eighteen (18) month extension.

The Planning & Development Department has reviewed the request of Shelborne Development Company, LLC, a Michigan Limited Liability Company, and has determined it to be reasonable and consistent with the terms and conditions set forth in the Development Agreement.

We, therefore, request that your Honorable Body adopt the attached resolution, authorizing an amendment to the Development Agreement to extend the completion period of the development.

Honorable City Council:  
Re: Resolution Approving an Application for Tax Exemption in Accordance with PA 376 as amended; effective April 29, 2008; on behalf of Arvin Meritor OE LLC.

On Wednesday, October 14, 2009, the Detroit City Council Planning and Economic Development Standing

Committee conducted a formal discussion for the purpose of approving an application to extend the duration of the Renaissance Zone wherein ArvinMeritor OE LLC is located in accordance with PA 376 as amended by PA 440 and PA 116; effective April 29, 2008.

To satisfy the criteria and requirements of the extension, ArvinMeritor OE LLC has entered into a lease agreement with Ohio Module Manufacturing Company to lease a portion of the existing campus more specifically described in Exhibit A.

Planning and Development Department and the Finance Department (Assessors Division) generally agree that together ArvinMeritor OE LLC and the Ohio Module Manufacturing Company possess the necessary financial resources to meet the criteria required in accordance with Public Act 376 as amended, effective April 29, 2008 and the terms of a written Development Agreement with Michigan Strategic Fund for this project.

Inasmuch as no impediments were presented, we request that you approve the resolution for the tax exemption application at your next formal session.

Respectfully submitted,  
MARJA M. WINTERS  
Deputy Director

By Council Member Collins:

Whereas, The Michigan Renaissance Zone Act was amended by Public Act 440 of 2006 and recently amended again by Public Act 116, effective April 29, 2008 to allow certain local governmental units in which Renaissance Zones have been designated to extend the duration of time when the extension will increase capital investment or job creation and;

Whereas, The City of Detroit desires to promote economic activity and increase the number of job opportunities for residents of the City of Detroit and;

Whereas, Certain industries in the state are facing difficult times, have sustained losses due to competition and downturn in the Detroit market in general and;

Whereas, A new project or expansion will be the catalyst for a time extension therefore temporarily reducing the tax burden paid by the business enabling it to reposition itself to compete, and;

Whereas, The County in which the Renaissance Zone is located must consent to extend the Renaissance Zone status; and

Whereas, Extensions are approved by the Michigan Strategic Fund (MSF) and the MSF may revoke the extension if the Board determines that increased capital investment or job creation will not begin within 1 year of the granting of the extension or otherwise violates the terms of the written development agreement between the owner of the real property and the Board of the MSF;

Whereas, Should the Renaissance Recovery Zone be extended, property within that zone will be exempt from taxes levied by the city, county, and other units of government as provided under Public Act 376 as amended PA 440 and PA116, and;

Whereas, We estimate that the tax revenue lost, which is estimated on the attached schedule, would be a small fraction of the benefits the designation of a Renaissance Zone will bring the community.

Whereas, The business project will maintain its current employment level of 100 persons and create a no less than 100 (100) jobs or make a capital investment of no less than \$18,000,000, within the first year of the extension, or otherwise be in violation of the terms of the written agreement and will be subject to revocation by Michigan Strategic Fund (MSF) and;

Whereas, The state government, under the Act, will reimburse local schools, com-

munity colleges, intermediate school districts and public libraries for any revenue lost due to the exemption provided by the PA 376 as amended; and

Therefore Be It Resolved, That the City of Detroit on this \_\_\_ day of October, 2009, does consent to this request that the State of Michigan extend the duration of the tax exemption for ArvinMeritor OE LLC, 2135 West Maple Road, Troy, Michigan, its real property parcels #d: 23002001.508, 18007810-22, 18000388-402 and 18000387 and personal property and equipment as identified by the resolution for a duration of up to seven (7) years, effective January 1, 2010.

**City Planning Commission**

October 15, 2009

Honorable City Council:

Re: The Entertainment Commission.

Since May of this year the Entertainment Commission has scheduled nine meetings. Commissioner Ella Randolph Cooke has failed to participate despite Chairman Gregory Reed's many attempts to reach her. Commissioner Cooke is the appointee of former City Council President Pro Tem. Monica Conyers. Given the Commissioners failure to attend meetings, the Research and Analysis Division and City Planning Commission staff agree and recommend that the City Council should consider removal of her appointment and seek a replacement for the remainder of her term, ending June 30, 2012. By placing an active and available person in this position, it should be easier to obtain a quorum for the meetings, and the Commission will benefit from another contributing member.

Also, at its August 26th meeting the Commission identified Monday as its regular meeting day and adopted a meeting schedule for the remainder of the calendar year. With the subsequent establishment of furloughs days and a number of

Mondays so designated, the Commission is trying to develop an alternative schedule with the ultimate desire to move from meeting twice a month to once a month once the Commission has been fully organized.

Should you have any questions about this matter, please contact me directly.

Respectfully submitted,

MARCELL R. TODD, JR.

Director

By Council Member Kenyatta:

Whereas, City Council appointed Ella Randolph Cooke to its Entertainment Commission for a term beginning October 28, 2008 and ending June 30, 2012; and

Whereas, Ms. Cooke has failed to attend any of the Entertainment Commission's scheduled meetings;

Now Therefore Be It Resolved, That City Council hereby revokes the appointment of Ella Randolph Cooke to the Entertainment Commission.

**Budget Department**

September 23, 2009

Honorable City Council:

Re: Reprogramming of Capital Funds for the General Services Department.

The Budget Department is requesting authorization to re-program existing general obligation bond funds for use by the General Services Department (GSD). The city was unable to issue general obligation bonds for capital projects previously budgeted in FY 2007-08 and FY 2008-09, causing fundings gaps in certain capital projects. In addition, due to the decline in the city's crediting rating, it has become too costly to issue general obligation bonds. The city does not expect to issue general obligation bonds until its credit rating returns to investment grade. In a previous communication to this Honorable Body dated July 10, 2009, the Budget Department conveyed the need for additional transfers and/or repro-

gramming of capital funds to better meet the current priorities of the city's capital program and to address deficiencies in certain capital projects.

GSD requires capital funding for security improvements that will enhance and/or upgrade current security measures, in addition to funds that will provide for upgrades to the city's fueling system. Security Improvements include the acquisition of surveillance video cameras, fencing, glass block windows and other improvements. Upgrades to fuel pumps will also be addressed with these funds. The Budget Department is recommending the transfer of capital funds from the Department of Public Works ITS-Traffic Management project that was completed with grant dollars, thus releasing capital funds for other capital purposes.

Increase Appropriation No. 13101, 471059  
GSD Security Improvements \$1,500,000

Decrease Appropriation No. 06599, 190310  
DPW Capital Improvements \$1,500,000

The attached resolution authorizes the transfer of capital funds from the Department of Public Works to the General Services Department for security and other capital improvements. A waiver of reconsideration is requested.

Respectfully submitted,  
PAMELA C.SCALES  
Budget Director

By Council Member S. Cockrel:

Resolved, That the FY 2009-10 Budget of the City of Detroit be and is hereby amended as follows:

Increase Appropriation No. 13101, 471059  
GSD Security Improvements \$1,500,000

Decrease Appropriation No. 06599, 190310  
DPW Capital Improvements \$1,500,000

Now, therefore, be it

Resolved, That the Finance Director be and is hereby authorized to increase the necessary accounts and honor vouchers and payrolls when presented in accordance with the foregoing communications and regulations of the City of Detroit.

**Fire Department**

September 30, 2009

Honorable City Council:

Re: Acceptance of Grant Funding.

The U.S. Department of Justice, Office of Community Oriented Policing Services (COPS), has awarded \$1,120,000.00 (Grant #2009CKWX0549 = \$600,000.00 and Grant #2009CKWX0557 = \$520,000.00) in federal funds to the Detroit Fire Department for an Emergency Vehicle Pre-

emption (EVP) system designed to give emergency response vehicles a green light on their approach to signalized intersections while providing a red light to conflicting approaches.

In 2006, the City of Detroit received a 100% federally funded grant from Federal Highway Administration (FHWA) to provide ITS upgrades in the Central Downtown Business Area for preparation of the Superbowl XL — Federal No.: STPG 0582(073), Project 83313A. One condition of the grant was the money was to be used for an EVP.

Initially, \$166,000 was appropriated for the intersection work. On March 18, 2009, Fire identified and appropriated \$100,000 through the ITS Department for Motor City Electric (P.O. #2680347) to out-fit 23 emergency vehicles.

The most commonly reported benefits of using EVP include improved response time, improved safety and cost savings (FHWA report January, 2006). These funds will be used to complete the installation of equipment and software to the remaining intersections and emergency vehicles identified for the project.

I respectfully ask your approval to accept the funding in accordance with the attached resolution.

We need to have an investigation into what happened and where was the breakdown.

### Invocation

Lord, You called us to be Your people. You called us to be stewards of the earth; stewards of Your creation; stewards of the city. Today, we invoke You Lord, to ask You to fill us with Your Wisdom, with Your Power, with Your Strength, with Your Justice...

Our City of Detroit is a little over three hundred years old; You Lord are eternal... None of us in this chamber is over a hundred years old; and yet sometimes we think we are getting old; and indeed we are, but today we ask You Lord to make us feel young again so that we shall build a new city, in a new age. A city where Your name is glorified by our daily and abundant deeds of compassion and mercy for one another. By the forms we share with one another our gifts and talents. Your gifts and talents...

Lord, You have called us to be leaders, servants of Yours in our brothers and sisters; and stewards of Your many gifts. And we thank You Lord for having chosen us; we, unworthy servants of Yours. And yet Lord, here we are, we come to do Your will.

Gathered together as one because it is Your will that we shall be one, as Your Lord, are One.

And together as one, we shall recreate ourselves, we shall rebuild our city, Your city Lord; and in Your name we, as one, shall build a new Detroit.

Give us Your vision Lord, show us Your plan; here we laid our capacities, our abil-

ities, experience, and our tools to complete Your work that You Lord commended us to bring to completion.

And we know Lord, that You are with us, and that You live in us, the Creator of the universe, and we want to thank You Lord for Your Being in us.

Today Lord, we are going to say thank You, we are going to speak in Your Name, we are going to listen to You, in the listening of one another.

Today, we also acknowledge that we are here representing the feelings and voices of Your people in the City of Detroit. And we gather here trusting in Your name Lord that You will assist us with Your Spirit.

Lord, give us Your grace, give us Your Wisdom, give us Your compassion and mercy so that we shall be able and empowered by You our All mighty God, to carry Your light, Your life and Your goodness with courage, with justice, integrity, peace; with compassion, and attention, for those who suffer the greatest anguish, struck by the lack of employment, for losing their homes, or for not having something to eat, a doctor to turn to when ill, for not having the means to go to school, for not having a driver license, do to being an alien.

Lord, we are called to care for those who are most abandoned; for those we pray for those who cannot see a new horizon in their lives.

We ask You Lord that we shall continue to build a hospitable city where every one, no matter their nationality of origin, will feel welcome and embraced, a city where every one shares with one another what he or she has especially with the less fortunate. We thank You Lord for the capacity that You have given us to be generous.

Lord, here we are together to praise You glory as we build a new Detroit. Because of You Lord, in Your name we shall rebuild the city. And Your name Lord will be glorified among the young and the old of the City of Detroit.

All will glorify Your name.

Peace, prosperity, abundance of goodness await us Lord; and all the people in the City of Detroit will rejoice again, will celebrate Your name, we'll sing together a song of Victory.

Amen.

Honorable City Council:

Re: Applications for 25 Neighborhood Enterprise Zone (NEZ) Certificates for the Peterboro-Charlotte area (Recommend Approval).

The City Planning Commission (CPC) staff has received twenty-five (25) applications NEZ Certificates for the Peterboro-Charlotte NEZ district.

The NEZ designation area encompasses Cass Avenue, Peterboro Street, Charlotte Avenue, and Woodward Avenue. The NEZ is located in the Peterboro-Charlotte Historic Area. The Peterboro-Charlotte NEZ district was approved by the City Council on November 7, 2001.

The certificates are being requested for 3136 Park and 81 Peterboro and should be eligible for NEZ certificates under Michigan Public Act 147 of 1992 as currently written.

The current property assessment and tax records show that the current true cash value of 3136 Park is \$22,996, and 81 Peterboro is \$22,810. At present both addresses were assessed separately but would be assessed as one in 2010. Each unit would have the value of \$53,806. However, according to the State Department of Treasury, the stipulated maximum cash value should be based on each apartment. In this instance, twenty-five (25) apartment units are being proposed by the developer. The true cash value of the subject property per unit is, therefore, less than the maximum of \$80,000 stipulated by Public Act No. 217 of 2001.

According to the State Historic Preservation Office, the building located at 81 Peterboro is a "significant historic building which will be rehabilitated and create 23 market-rate rental units that will eventually be sold as condominiums."

The subject project is consistent with the standards stipulated by the City of Detroit Historic District Commission and the Greater Downtown Partnership. It is supported by the University Cultural Center Association.

The CPC staff, after a review of the above NEZ certificate applications, recommends that the property indicated above be approved as submitted.

**City Planning Commission**

October 15, 2009

Honorable City Council:

Re: Request of the Detroit Medical Center Children's Hospital of Michigan (Petition #3812) to amend Article XVII, District Map No. 4 of Chapter 61, of the 1984 Detroit City Code, Zoning, to show a PD (Planned Development) zoning classification where an R6 (High Density Residential District) zoning classification is presently shown on a 6-acre parcel of land at the north end of the Edward Tolan Playfield located at 701 Mack Avenue and at 3950 Beaubien Avenue (Recommend Approval with Conditions).

**Request**

The Detroit Medical Center (DMC) Children's Hospital of Michigan is requesting to amend Article XVII, District Map No. 4 of Chapter 61 of the 1984 Detroit City Code, Zoning, to show a PD zoning classification where an R6 zoning classification is presently shown on a 5.3-acre parcel of land at the north end of the Edward Tolan Playfield located at 701 Mack Avenue and on a .7 acre parcel of 3950 Beaubien Avenue.

The 5.3 acre parcel is generally bounded by vacated East Alexandrine Avenue on the north, the Chrysler Freeway Service Drive on the east, a line approximately 375 feet south of, and parallel to, the vacated East Alexandrine Avenue on the south, and the vacated route of St. Antoine Street on the west. This parcel of land is urban renewal property located within the Medical Center Rehabilitation Project No. 2 urban renewal area.

In addition, the DMC purchased from a private entity an irregularly shaped parcel

of land at 3950 Beaubien containing .7 acres. This parcel is also urban renewal land, but located within the Medical Center Rehabilitation Project No. 1 urban renewal area. The site was previously developed with a nursing home within the DMC is in the process of demolishing.

In August, 2008, the City Council approved the sale of approximately 5.3 acres of the northern end of the Tolan Playfield to the DMC. This sale was authorized subject to rezoning the land to PD, as well as amending the Master Plan of Policies and urban renewal plans to allow the project to be developed. At the same time, City Council agreed to sell 2.7 acres south of the subject site to Queen Lillian LLC (see the Attachment A for a map of the area).

#### **Proposed Development**

The DMC is proposing to combine both the 5.3 acres and .7 acres in order to create a 6 acre site to construct an 81,000 square foot 4-story building. The building would stand 62 feet in height (77 feet in height to the top of the mechanical equipment screen enclosure on the roof).

The DMC is proposing to develop a medical professional office building housing pediatric outpatient clinic and doctors' offices referred to as Specialty Center Detroit. The current plan is to have general medical clinics on the first floor, physical and occupational therapy clinics on the second floor, specialty clinics on the third floor, and doctors' offices on the fourth floor. The DMC indicates at this time there is no plan to add any commercial uses on the first floor, but would not rule out the addition of an accessory use, such as a pharmacy, eating area, or physical therapy supply store. The project proposes creating 120 temporary jobs over a 3-year period and 100 permanent jobs when completed.

The building would be located at the western side of the parcel with a 340-space parking lot on the eastern side of the site facing the Chrysler Freeway Service Drive. The main access drive to the site would be from Beaubien Avenue with the main entrance to the building on the eastern side of the building with a circular flow access drive and canopy facing the parking lot. The DMC is also petitioning the Michigan Department of Transportation (MDOT) for an additional entrance/curb-cut from the Chrysler Freeway Service Drive; the DMC is still waiting for MDOT's approval. The project site plans are attached for reference.

#### **Public Hearing Results**

On July 16, 2009, the City Planning Commission (CPC) held a public hearing, at which two persons spoke. Sue Mosey, president of the University Cultural Center Association, spoke in favor of the proposal, noting support for the scale and materials and that funds from the project would

be reinvested into the remaining Tolan Playfield. Dr. Samuel White III, Pastor of Friendship Baptist Church, submitted a letter regarding the project. The church was concerned that including the General Commercial designation in the Master Plan and urban renewal plan amendments could open the area to potential business pursuits that are undesirable and/or inconsistent with those presently in the area, specifically church activities. Church representatives indicated they would not oppose the project if their concerns were met.

#### **Public Hearing Follow-up**

The CPC acknowledges the concerns of the Friendship Baptist Church over possible detrimental effect from commercial uses. Since the CPC public hearing, the Planning and Development Department (P&DD) revised its proposed amendments to designate the subject area as Institutional rather than Institutional/General Commercial. The CPC recommends that only the following uses be permitted in this PD: medical or dental clinic, medical office, physical therapy clinic, parking lot, and if needed, ground floor accessory commercial space commonly associated with hospital or clinic uses, such as a pharmacy, retail gift shop, medical supply store, or café. (See Condition #7 at the end of the report.)

#### **Analysis**

##### **Development Plan**

As noted earlier in this report, the 5.3 acres are located within Detroit Medical Center Rehabilitation Project No. 2 urban renewal area, and the .7 acre parcel is located within Detroit Medical Center Rehabilitation Project No. 1 urban renewal area.

The Medical Center No. 2 Plan designates the 5.3 acre parcel as Playfield. The Medical Center No. 1 Plan designates the .7 acre parcel as Church. The Planning and Development Department and Law Department have prepared amendments to both urban renewal plans in order to allow the proposed project to move forward.

##### **Master Plan**

Within the Master Plan, the subject site is located in the Lower Woodward area within Neighborhood Cluster 4. Presently, the Plan's Future Land Use map shows the subject 5.3 acre area as Recreation and the subject .7 acre area as Institutional. P&DD has submitted a memo dated August 7, 2009 to amend the Master Plan of Policies for the 5.3 acre parcel from Recreation (PRC) to Institutional (INST).

##### **Parking**

The proposed site plan shows 340 parking spaces, which includes 18 handicap spaces. Most of the spaces on the proposed site plan measure the required 9 feet by 20 feet; however, the spaces on

the north, east, and south perimeter measure only 9 feet by 18 feet contrary to the length of 20 feet as specified in Sec. 61-14-151 (1). (See Condition #4 at the end of the report.)

The Zoning Ordinance requires the following parking: for medical clinics, 1 space per 200 square feet or 5 per doctor, dentist or therapist, whichever is greater; and for professional office, 1 space per 400 square feet. This would require the project to provide 358 parking spaces. However, both urban renewal plans require, for out-patient treatment, one space for each 350 square feet of net floor area in the waiting rooms, treatment rooms, offices, and reception rooms. This would require the project to provide 231 parking spaces. The PD zoning allows flexibility in meeting the parking standards. The CPC thinks the proposed 340 spaces is appropriate and does not think additional parking spaces need to be provided.

#### **Loading**

The proposed site plan shows a 25 feet wide by 45 feet deep loading area. The Detroit Zoning Ordinance requires three loading spaces measuring 12 feet by 55 feet which would measure 36 feet by 55 feet (Sec. 61-12-84). Neither development plan requires a specific sized area, but states that loading space shall be provided on the parcel so as to permit all loading, unloading, maneuvering, and standing of trucks to take place off of the street right-of-way. The CPC determines that the loading area should be expanded to more closely reflect the Zoning Ordinance requirements. (See Condition #4 at the end of the report.)

#### **Landscaping, Fencing, and Lighting**

The DMC has submitted a Landscape Plan which includes some areas with significant landscaping and other areas with limited or no landscaping except grass. The parking lot includes significant landscaping except for the north, east, and south perimeters. The CPC thinks it is very important to provide landscaping along the north property line to screen the residential uses to the north. Lastly, the CPC thinks the amount of landscaping at the front of the building facing Beaubien Avenue needs to be augmented. (See Condition #1 at the end of the report.)

The DMC is proposing a decorative wrought iron fencing around the perimeter of the site except at the front of the site facing Beaubien, but no height is specified. The CPC supports the fence location, but recommends the height be no higher than 6 feet. (See Condition #3 at the end of the report.)

A lighting plan has not been submitted. The CPC is concerned about the close proximity of the residential properties north of the project. The CPC thinks the intensity and glare of lighting at the site must be addressed to reduce any nega-

tive impact on the residential property to the north. (See Condition #6 at the end of the report.)

#### **Citizens' District Council and Detroit Housing Commission Review**

On July 21, 2009, the Medical Center Citizens' District Council voted unanimously in support of the project. On July 16, 2009, the Detroit Housing Commission voted in support of the project.

#### **Parkland Restoration**

Within Tolan Playfield, the proposed project would cause the elimination of the tennis courts, horseshoe pits, part of the baseball field, and some walking paths. The CPC understands the DMC has agreed to pay a fee to the Recreation Department to make up for the loss of the recreation facilities at Tolan Playfield. The CPC understands that the Recreation Department will apply those funds toward the remainder of the Tolan Playfield, but the details have not yet been worked out. The CPC recommends that part of the funds be used to create a pedestrian path across the northern portion of the remaining Tolan Playfield, in part to serve the pedestrian bridge across the Chrysler Freeway.

#### **Bicycle Parking**

In 2008, the Detroit City Council adopted the Urban Non-Motorized Transportation Master Plan. Part of this Plan states that the City should work with the business community to increase sheltered and secured bicycle parking facilities. The CPC recommends that a location for bicycle parking be provided and shown on the Site Plan. (See Condition #5 at the end of the report.)

#### **Building Design**

Overall, the CPC is supportive of the building layout and design. The CPC understands from a patient standpoint why the main entrance and drop-off area need to be at the east side of the building. However, the CPC thinks it is important that the front west façade facing Beaubien Avenue include design elements to create an attractive pedestrian-scale design. This may be accomplished in part by providing elements such as a small plaza or canopy near the proposed entrance. (See Condition #8 at the end of the report.)

#### **Other Planning Considerations**

The CPC finds that the proposed project and Site Plan meet the site plan review and design criteria for a Planned Development zoning district; consistent with the approval criteria of Sec. 61-3-59 of the Zoning Ordinance, the proposed development would help protect the health, safety, and general welfare of the public by providing for the City's pediatric health care needs; the proposed development would appear not to have a negative impact on the surrounding area; and the proposed development would be suitable for the subject property.

**Conclusion**

On August 6, 2009, the City Planning Commission took action to recommend approval of the rezoning request from R6 to PD and to forward that recommendation on to your Honorable Body with the following conditions:

1. That a revised landscape plan reflecting the spirit of Article XIV, Division 2 of the Zoning Ordinance, be submitted for review and approval by CPC staff indicating caliper, species, and location of such, and showing additional landscaping in the following areas: 1) within the parking lot along the north, east, and south perimeters, 2) at the front of the building facing Beaubien, and 3) along the north property line (to include shrubbery and possibly an undulating berm, to help buffer and screen the residential uses to the north);

2. That the site plan be revised to show the location of proposed parking lot gates and guard shack and that the site plan be submitted for review and approval by CPC staff;

3. That the site plan be revised to show the decorative wrought iron fencing to be no higher than six (6) feet in height; and

4. That the site plan be revised to show all parking spaces within the parking lot to be not less than nine (9) feet by twenty (20) feet (except handicap spaces) and that the size of the loading area be expanded subject to review and approval by CPC staff;

5. That the site plan be revised to show a location for bicycle parking, subject to review and approval by CPC staff;

6. That any lighting to be installed in the parking lot or on the building exterior be compatible with the surrounding residential community to the north and designed to reflect downward;

7. That the uses permitted on the site be restricted to the specific land use categories as follows: hospital, medical or dental clinic, medical office, physical therapy clinic, parking lot, and if needed, ground floor accessory commercial space commonly associated with hospital or clinic uses, such as pharmacy, retail gift shop, medical supply store, or café, subject to review and approval by CPC staff; and

8. That the urban design elements of the front/west façade of the building, particularly around the front door, be modified to improve the visual activity and interest, by possibly including, but not limited to, a canopy and/or plaza, subject to review and approval by CPC staff.

9. That final site plans, elevations, landscape, lighting and signage plans be submitted for City Planning Commission staff approval prior to making applications for applicable permits.

This approval should be granted pro-

vided that the following three items are first accomplished:

- That the Master Plan of Policies be amended to allow the proposed medical offices project to be in compliance with the Master Plan of Policies;

- That the Third Modified Development Plan Declaration of Restrictions for the Medical Center Rehabilitation Project No. 1 (Mich. R-35) be amended; and

- That the Third Modified Development Plan for the Medical Center Rehabilitation Project No. 2 (Mich. R-52) urban renewal plan (the Plan) be amended.

Also attached is an ordinance, approved as to form by the Law Department, for introduction and the setting of the required public hearing.

Honorable City Council:  
 Re: Request of the Planning and Development Department (P&DD) to amend Article XVII, District Map No. 4 of Chapter 61 of the 1984 Detroit City Code, Zoning, to show a PD (Planned Development) zoning clas-

sification where an R6 (High Density Residential District) zoning classification is presently shown on a 2.7-acre parcel of land within the Edward Tolan Playfield located at 701 Mack Avenue (Recommend Approval with Conditions).

#### **Request**

The Planning and Development Department (P&DD) is requesting to amend Article XVII, District Map No. 4 of Chapter 61 of the 1984 Detroit City Code, Zoning, to show a PD zoning classification where an R6 zoning classification is presently shown on a 2.7-acre parcel of land within the Edward Tolan Playfield located at 701 Mack Avenue.

The proposed developer for the site is Queen Lillian, LLC; however, the developer has not yet finalized the site plan for the project, and as a result, P&DD is applying for the PD (Planned Development) rezoning. When site plan is finalized, Queen Lillian, LLC will need to submit site plans and elevations to the City Planning Commission and the City Council for review and approval.

The 2.7 acre parcel is generally bound by the Chrysler Freeway Service Drive to the east, vacated Illinois Street on the south, an easement following the vacated route of St. Antoine on the west, and an east/west line approximately 171 feet north of the vacated Illinois Street on the north. This parcel of land is urban renewal property located within the Medical Center Rehabilitation Project No. 2 urban renewal area. Please see Attachment A for a map of the site.

In August, 2008, the City Council approved the sale of the 2.7 acre portion of the Tolan Playfield to the Queen Lillian, LLC. This sale was authorized subject to an amendment to the City's Zoning Ordinance designating the property PD, as well as amending the Master Plan of Policies and urban renewal plan to allow the project to be developed.

The Detroit Medical Center is proposing to develop the 6 acres north of the subject site.

#### **Proposed Development**

Queen Lillian, LLC is proposing to construct a medical office building for the Wayne State University Medical School. The building would contain 58,000 square feet across 4 stories measuring 56 feet tall. Preliminary plans show the building located at the western side of the parcel, and a 132-space surface parking lot would be located on the eastern side along the Chrysler Freeway Service Drive. The main entrance to the building would be on the eastern side of the building with a circular access drive facing the parking lot. A loading dock would be located on the western side of the building.

The developer is asking for the re-establishment of vacated Illinois Street at

the south end of the property. The proposal is for this street to extend from the Chrysler Freeway Service Drive on the east to Beaubien Avenue on the west. The proposed parking lot and drop-off area would be accessed from Illinois Street.

Site plan details, such as complete building elevations and landscaping plan, have not yet been finalized.

#### **Public Hearing Results**

On July 16, 2009, the City Planning Commission (CPC) held a public hearing, at which two persons spoke regarding the proposals. Sue Mosey, president of the University Cultural Center Association, spoke in favor of the proposals, noting support for the scale and materials and that funds from the project would be re-invested into the remaining Tolan Playfield. Dr. Samuel White III, Pastor of Friendship Baptist Church, submitted a letter regarding the project. The church was concerned that including the General Commercial designation in the Master Plan and urban renewal plan amendments could open the area to potential business pursuits that are undesirable and/or inconsistent with those presently in the area, specifically church activities. Furthermore, the Church was concerned that making currently vacated Illinois an open street could adversely impact the long standing activities of the Church wherein it used the currently closed Illinois Street as an easement for staging funeral processions and other special activities.

#### **Public Hearing Follow-up**

The CPC acknowledges the concerns of the Friendship Baptist Church over possible detrimental effects from commercial uses. Since the public hearing, P&DD has revised its proposed Master Plan amendments to designate the subject area as Institutional rather than Institutional/General Commercial. The CPC recommends the best way to address the church's concerns is to limit the type of commercial uses allowed through the PD zoning; the CPC recommends that only the following uses be permitted in this PD: medical or dental clinic, medical office, parking lot, and if needed, ground floor accessory commercial space commonly associated with hospital or clinic uses, such as a pharmacy, retail gift shop, medical supply store, or café. (See Condition #1 at the end of the report.)

#### **Analysis**

##### **Development Plan**

As noted earlier in this report, the subject parcel is located within Medical Center Rehabilitation Project No. 2 urban renewal area. The Medical Center No. 2 Plan designates the subject parcel as Playfield. P&DD and the Law Department have prepared amendments to the urban renewal plan in order to allow the proposed project to move forward.

### **Master Plan**

Within the Master Plan, the subject site is located in the Lower Woodward area within Neighborhood Cluster 4. Presently, the Plan's Future Land Use map shows the subject 2.7 acre area as Recreation. P&DD has submitted a memo dated August 7, 2009 to amend the Master Plan of Policies for the subject area from Recreation (PRC) to Institutional (INST).

### **Citizens' District Council and Detroit Housing Commission Review**

On July 21, 2009, the Medical Center Citizens' District Council voted unanimously in support of the project. On July 16, 2009, the Detroit Housing Commission voted in support of the project.

### **Parkland Restoration**

The CPC understands Queen Lillian LLC and the DMC have agreed to pay a fee to the Recreation Department to make up for the loss of the recreation facilities at Tolan Playfield. The CPC understands that the Recreation Department will apply those funds toward the remainder of the Tolan Playfield, but the details have not yet been worked out. The CPC recommends that part of the funds be used to create a pedestrian path cross the northern portion of the remaining Tolan Playfield, in part to serve the pedestrian bridge across the Chrysler Freeway.

### **Illinois Street Development**

The CPC understands the developer is still working with the City and the Michigan State Department of Transportation (MDOT) regarding the reestablishment of Illinois Street, including the new curb cut for the street onto the Chrysler Freeway Service Drive, and the City is still working to secure funding to reopen Illinois Street as a public right-of-way.

CPC staff has met and/or spoken with the various stakeholders involved with the proposed reopening of Illinois Street and found the following information:

- Illinois between Beaubien Avenue and the Chrysler Service Drive was vacated and converted to a utility easement in 1960s;
- The portion of Illinois Street east of vacated St. Antoine was removed and developed by the City of Detroit as part of the Tolan Playfield;
- The northern portion of the vacated Illinois Street easement west of vacated St. Antoine is under the control of Friendship Baptist Church and the southern portion is under the control of the Detroit Public Schools (DPS);
- The portion of the Illinois easement west of vacated St. Antoine is currently developed as a paved road area measuring 25 feet wide from curb to curb; it appears this is not the original street, and it is unclear how the 25 foot wide road relates to the remaining 50 foot wide vacated utility easement; and

- Friendship Baptist Church has a parking lot with entrance and perimeter fencing built adjacent to the curb of the aforementioned 25 foot wide road, and DPS has constructed a berm area, sidewalk, and part of its school building adjacent to the 25 foot road.

The CPC understands that if Illinois Street were reopened, then it would require a 50-foot wide easement, but 30 feet would be required to have, at a minimum, two lanes of traffic and a parking lane on the north side of the street. Ten feet would be required on either side of the new road for a berm area and sidewalk. The CPC thinks that a survey must be conducted of the site to determine if there are any existing encroachments into the 50-foot wide vacated utility easement, and to better understand the impact of redeveloping a new street that would be 30 feet wide, curb to curb.

At this point, the CPC recommends the following conditions to ensure that the interests of Friendship Baptist Church are protected:

1. If Illinois Street is reopened as a public street, then any new road have at a minimum two lanes of traffic with a parking lane on the north side of the street between Beaubien Avenue on the east and vacated St. Antoine on the east (see Condition #2 at the end of the report);
2. If Illinois Street is reopened as a public street, that access from the new street be provided to the Friendship Baptist Church's existing parking lot (see Condition #3 at the end of the report);
3. If Illinois Street is reopened as a public street, that no parking be allowed Monday through Friday between 8 A.M. and 6 P.M. except for funerals — parking would be allowed after 6 P.M. and any time on Saturday and Sunday (see Condition #4 at the end of the report).

Friendship Baptist Church indicates it has reached an agreement with Queen Lillian that Queen Lillian's parking lot would be available, free of charge, for overflow parking by parishioners during the Church's Sunday services.

The Church has also asked that the proposed sidewalk on the north side of Illinois between Beaubien and vacated St. Antoine be removed. One reason for this request is that the sidewalk would encroach on the Church's parking lot. The CPC supports the concept of a sidewalk, particularly, because there is a school in the area. However, CPC thinks this issue cannot be addressed until other items are studied, including a survey for the area and the possibility of a sidewalk going around the subject parking lot.

### **Other Planning Considerations**

The CPC finds that the concept of the proposed project, consistent with the approval criteria of the Zoning Ordinance (Sec. 61-3-59), would help protect the

health, safety, and general welfare of the public by providing for the City's health care needs; the proposed development would appear not to have a negative impact on the surrounding area; and the proposed development would be suitable for the subject property.

**Conclusion**

On August 6, 2009, the City Planning Commission took action to recommend approval of the rezoning request from R6 to PD and to forward that recommendation on to your Honorable Body with the following conditions:

1. That the uses permitted on the site be restricted to the specific land uses categories as follows: hospital, medical clinic, medical office, parking lot, and if needed, ground floor accessory commercial space commonly associated with hospital or clinic uses, such as a pharmacy, retail gift shop, medical supply store, or café, subject to review and approval by CPC staff;
2. That if Illinois Street is reopened as a public street, then any new road have at a minimum two lanes of traffic with a parking lane on the north side of the street between Beaubien Avenue on the west and vacated St. Antoine on the east;
3. That if Illinois Street is reopened as a public street, access from the new street be provided to the Friendship Baptist Church's existing parking lot;
4. That if Illinois Street is reopened as a public street, no parking be allowed Monday through Friday between 8 A.M. and 6 P.M. except for funerals — parking would be allowed after 6 P.M. and any time on Saturday and Sunday;
5. That any reopening of Illinois Street as a public street, be subject to the approval of the property owners north and south of the vacated Illinois utility easement located between Beaubien Avenue and vacated St. Antoine; and
6. That final site plans, elevations, landscape, lighting and signage plans be submitted for City Planning Commission staff approval prior to making applications for applicable permits.

This approval should be granted provided that the following three items are accomplished:

- That the Master Plan of Policies be amended to allow the proposed medical offices project to be in compliance with the Master Plan of Policies;
- That the Third Modified Development Plan Declaration of Restrictions for the Medical Center Rehabilitation Project No. 1 (Mich. R-35) be amended; and
- That the Third Modified Development Plan for the Medical Center Rehabilitation Project No. 2 (Mich. R-52) urban renewal plan (the Plan) be amended.

Also attached is an ordinance, approved as to form by the Law Depart-

ment, for introduction and the setting of the required public hearing.

**City of Detroit  
Brownfield Redevelopment Authority**

October 15, 2009

Honorable City Council:

Re: Gardenview Estates Brownfield Redevelopment.

The enclosed Brownfield Plan for the Gardenview Estates Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a joint public hearing was held by the DBRA and the CAC on October 12, 2009 to solicit public comments. At its October 12, 2009 special meeting, the CAC considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the DBRA.

On October 15, 2009, the DBRA adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on

the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

Gardenview Development Company, LLC is the project developer (the "Developer"). The overall project, which has been approved by the Detroit Housing Commission and the City of Detroit, entails the redevelopment of a 139 acre site and includes rental and single-family homeownership units, commercial/retail development, the redevelopment of a public school, the recent development of an NFL Boys and Girls Club, and infrastructure.

Two brownfield plans have been previously approved for this overall redevelopment. The Gardenview Brownfield Redevelopment Plan, approved by the DBRA on September 6, 2007 and by Detroit City Council on October 9, 2007, included Phases 1, 2A, and 2B and entailed the construction of 186 units of rental housing. The Gardenview II Brownfield Redevelopment Plan, approved by the DBRA on June 11, 2009 and by Detroit City Council on July 21, 2009, included Phases 2C and 3 and entailed the construction of 148 units of rental housing.

This Plan addresses the remaining 99.7 acres and entails the construction of 230 single family for-sale homes, a local retail center, 107 senior cooperatives, and Early learning Center, two parks and a detention basin. total investment for this Plan may exceed \$150,000,000.

On August 4, 2009, the Developer received an invitation letter from the MDEC for a 12.5% Michigan Business Tax (the "MBT") credit of \$5,148,274 on an eligible investment of \$41,186,192. The Developer is also requesting Tax Increment Financing (TIF) reimbursement of \$17,262,527 and future MBT credits may be requested on other phases.

**Property Subject to the Plan**

The property comprising the Plan consists of a portion of an approximate 139 acre parcel, the former site of the Herman Gardens Housing Development, located at 16370 Tireman Avenue bounded by Joy Road to the north, Asbury Park Avenue to the east, Tireman Avenue to the south and the Southfield Freeway to the west in the City of Detroit.

**Basis of Eligibility**

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for residential purposes; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be a facility as defined by Act 381.

**Eligible Activities and Projected Costs**

The "eligible activities" that are intend-

ed to be carried out at the Property are considered "eligible activities" as defined by Sec. 2 of Act 381, because they include environmental investigation and assessment activities, remediation, site preparation, due care plan and activities, public infrastructure installation and brownfield plan preparation. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

It is currently anticipated that construction will begin in the spring of 2010 and eligible activities will be completed within five (5) years.

**Tax Increment Financing (TIF) Capture**

This Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

**ESTIMATED COST OF ELIGIBLE ACTIVITIES**

Description of Eligible Activity	Estimated Cost
1. Environmental Site Assessment Activities	\$1,547,495
2. Remediation	\$14,087,630
3. Due Care	\$47,200
4. Contingency (15%)	\$2,352,349
<b>Subtotal MDEC Activities</b>	<b>\$18,034,674</b>
5. Site Preparation	\$14,414,323
6. Public Infrastructure	\$2,118,700
7. Contingency (15%)	\$2,479,952
<b>Subtotal MEDC Activities</b>	<b>\$19,012,976</b>
8. Authority Administrative Costs	\$2,432,794
9. Local Site Remediation Revolving Fund	\$5,541,170
<b>Total Estimated Costs</b>	<b>\$45,021,614</b>

The costs listed are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. While these are projections, the estimated costs of eligible activities may exceed the anticipated tax capture. The actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

**Other Development Incentives**

The property included in this Plan is seeking additional project support through on a Neighborhood Enterprise

Zone (NEZ) and through down payment assistance with HOME Funds.

**Comments Received**

The CAC's communication to the City Council and the DBRA, dated October 12, 2009 (Exhibit C), recommending approval of the Plan including the minutes of the joint public hearing held by the DBRA and the CAC on October 12, 2009 are enclosed for City Council's consideration.

Honorable City Council:

Re: La Vogue Square Brownfield Redevelopment.

The enclosed Brownfield Plan for the La Vogue Square Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a joint public hearing was held by the DBRA on October 12, 2009 to solicit public comments. At its October 1, 2009 meeting, the CAC considered and approved a resolu-

tion recommending approval of the Plan by the DBRA and City Council in the form presented by the DBRA.

On October 15, 2009, the DBRA adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

Shelborne Development, doing business as La Vogue Square, LDHA, LP, is the project developer (the "Developer"). The Plan entails the substantial rehabilitation of a vacant, 41 unit apartment building into an affordable rental development that will consist of one, two, and three bedroom units.

Total investment for the project is estimated at \$6,200,000. On September 9, 2009, the Developer received an invitation letter from the Michigan Economic Development Corporation (MDEC) for a 12.5% Michigan Business Tax (MBT) credit of \$450,000 on an eligible investment of \$3,600,000.

**Property Subject to the Plan**

The property comprising the Plan consists of one parcel located at 255 Merton Road generally bounded by Merton Road to the north, Woodward Avenue to the east, W. McNichols Road to the south and 2nd Avenue to the west in Detroit's Palmer Park district.

**Basis of Eligibility**

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for residential purposes; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be functionally obsolete as defined by Act 381. The assessor's affidavit is in "Attachment D" of the brownfield plan.

**Eligible Activities and Projected Costs**

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec. 2 of Act 381, because they include demolition and lead and asbestos abatement. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

It is currently anticipated that construction will begin in the fall/winter of 2009 and eligible activities will be completed within 12 months.

**Tax Increment Financing (TIF) Capture**

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

**Other Development Incentives**

The property included in this Plan is seeking additional project support through Low Income Housing Tax Credits (LIHTC).

**Comments Received**

The CAC's communication to the City Council and the DBRA, dated October 1, 2009 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the DBRA on October 12, 2009 are enclosed for the City Council's consideration.

**Authority's Request**

The Authority is respectfully requesting the following actions from the City Council:

- a) **October 20, 2009**

Honorable City Council:  
Re: 1260 Library Brownfield Redevelopment.

The enclosed Brownfield Plan for the

1260 Library Redevelopment Project (the "Plan") (Exhibit A), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been considered and reviewed by the CAC and a public hearing was held by the DBRA on October 12, 2009 to solicit public comments. At its October 1, 2009 meeting, the CAC considered and approved a resolution recommending approval of the Plan by the DBRA and City Council in the form presented by the DBRA.

On October 15, 2009, the DBRA adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

Vernier Holdings, LLC, is the project developer (the "Developer"). The Plan entails the renovation of a vacant building at 1260 Library. Upon project completion, the three-story, 15,100 square foot building will feature a restaurant on the ground floor and offices on the second and third floors.

Total investment for the project is estimated at \$1,963,390. On September 9, 2009, the Developer received an invitation letter from the Michigan Economic Development Corporation (MDEC) for a 20% Michigan Business Tax (MBT) credit of \$263,078 on an eligible investment of \$1,315,390.

**Property Subject to the Plan**

The Property comprising the Plan consists of one parcel located at 1260 Library Street generally bounded by East Grand River to the north, Gratiot to the east, and Library to the south and west in Detroit's Central Business District.

**Basis of Eligibility**

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial purposes; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be functionally obsolete as defined by Act 381. The assessor's affidavit is in "Attachment D" of the brownfield plan.

**Eligible Activities and Projected Costs**

The "eligible activities" that are intended to be carried out at the Property are

considered “eligible activities” as defined by Sec. 2 of Act 381, because they include demolition, site preparation and asbestos abatement. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

It is currently anticipated that construction will begin in the winter of 2009 and eligible activities will be completed within 12 months.

**Tax Increment Financing (TIF) Capture**

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

**Other Development Incentives**

The property included in this Plan is seeking additional project support through an Obsolete Property Rehabilitation Act (OPRA) abatement.

**Comments Received**

The CAC’s communication to the City Council and the DBRA, dated October 1, 2009 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the DBRA on October 12, 2009 are enclosed for the City Council’s consideration.

At its October 1, 2009 meeting, the CAC considered and approved a resolution recommending approval of the Plan by the DBRA and City Council in the form presented by the DBRA.

On October 15, 2009, the DBRA adopted a resolution (Exhibit B) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

**Project Introduction**

Woodward Theater, LLC, Woodward SA-ZK, LLC and Woodward SA-PK, LLC are the project developers (the "Developer"). The Plan is a multi-phase redevelopment project. The original Plan, North Garden Block, was approved by the DBRA and City Council in 2007 and consisted of six parcels located at 3919-33 Woodward Avenue and 3961-65 Woodward Avenue and 25 and 35 W. Alexandrine. The project entailed the construction of a 300 space parking structure, rehabilitation of the 3961-65 commercial building, construction of a three story commercial building and renovation of the theater at 3919-33 into a live music venue.

The proposed additional phase for this Plan, located at 3901-15 Woodward Avenue, will complete the Woodward Garden Block and will include the original Plan plus the addition of a single parcel which will be constructed into a six-story mixed-use building. The first two floors will be developed into approximately 30,890 square feet of commercial space and the upper four floors will be developed into approximately 47 residential, rental units. Total overall investment for the Woodward Garden Block Plan is estimated at \$41,969,071.

The renovation of the theater, located at 3919-33 Woodward Avenue, was originally submitted and subsequently approved to the Michigan Economic Development Corporation (the "MEDC") as part of the 2007, 10% Single Business Tax (the "SBT") credit application. An amended Michigan Business Tax (the "MBT") credit application was submitted to the MEDC in August 2009 to remove this property from the original application and include it in the MBT credit application for the additional phase of this Plan.

On September 2, 2009, the Developer received an invitation letter from the MEDC for a 20% MBT credit of \$3,530,657 on an eligible investment of \$17,653,285 for the both the additional phase located at 3901-15 Woodward and the property located at 3919-33 Woodward Avenue.

**Property Subject to the Plan**

The proposed additional phase consists of a single parcel located at 3901-15 Woodward Avenue generally bounded by W. Alexandrine to the north, Woodward Avenue to the east, Selden Avenue to the south and the alley west of Woodward Avenue to the west in Detroit's Midtown neighborhood.

**Basis of Eligibility**

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for a commercial purposes; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be functionally obsolete as defined by Act 381. The assessor's affidavit is in "Attachment D" of the brownfield plan.

**Eligible Activities and Projected Costs**

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec. 2 of Act 381, because they include demolition and lead and asbestos abatement. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

It is currently anticipated that construction will begin in the spring of 2010 and eligible activities will be completed by fall of 2010.

**Tax Increment Financing (TIF) Capture**

The Plan will not capture tax increment revenues for financing costs of eligible activities under this Plan. Tax increment financing of the costs of eligible activities under this Plan will not take place and this Plan shall not have a negative impact upon the tax revenues of any taxing jurisdiction in which the eligible property is located.

**Other Development Incentives**

The property included in this Plan is seeking additional project support through an Obsolete Property Rehabilita-

tion District, New Markets Tax Credits, and State and Federal Historic Tax Credits.

**Comments Received**

The CAC's communication to the City Council and the DBRA, dated October 1, 2009 (Exhibit C), recommending approval of the Plan including the minutes of the public hearing held by the DBRA on October 12, 2009 are enclosed for the City Council's consideration.

Honorable City Council:  
Re: Departmental Recommendation. Residential Alley Vacation for Petition No. 3298.

The above-referenced petition, requesting alley vacation, was presented by the Planning and Development Department (P&DD) for consideration at a Public Hearing on October 21, 2009. Notices sent out for this public hearing, clearly indicated that abutting property owners are given the opportunity to comment or object to these petitions prior to our recommendation to the City Council.

Following our careful deliberation, your Honorable Body has agreed to approve Petition No. 3298. Property change will have covenants and agreements, uses and regulations to be observed by property owners, its heirs or any subsequent purchaser of property abutting this alley.

Attached herewith, is the Resolution that will enable the Honorable City Council to take formal action causing the vacation and conversion to easement of above-referenced petition.

Petition No. 3298 was processed in compliance with the City Code, Article VI, Section 50-6-4. Our investigation of this location discloses the following:

1. The public utilities located in the alley can be properly served if the alley is converted to easement.
2. That the alley does not serve as the sole means of ingress/egress to abutting properties.
3. That the alley is not required for municipal services.
4. No objections to this alley vacation have been received from any utility companies or city agencies, neither abutting property owners.

Therefore, it is the recommendation of the Planning and Development Department that the attached Resolution be approved. Please contact our Technical Services Division at (313) 628-0112 if you require additional information.

Respectfully submitted,

Honorable City Council:  
 Re: Departmental Recommendation.  
 Residential Alley Vacation for Petition No. 3428.

The above-referenced petition, requesting alley vacation, was presented by the Planning and Development Department (P&DD) for consideration at a Public Hearing on October 21, 2009. Notices sent out for this public hearing, clearly indicated that abutting property owners

are given the opportunity to comment or object to these petitions prior to our recommendation to the City Council.

Following our careful deliberation, your Honorable Body has agreed to approve Petition No. 3428. Property change will have covenants and agreements, uses and regulations to be observed by property owners, its heirs or any subsequent purchaser of property abutting this alley.

Attached herewith, is the Resolution that will enable the Honorable City Council to take formal action causing the vacation and conversion to easement of above-referenced petition.

Petition No. 3428 was processed in compliance with the City Code, Article VI, Section 50-6-4. Our investigation of this location discloses the following:

1. The public utilities located in the

alley can be properly served if the alley is converted to easement.

2. That the alley does not serve as the sole means of ingress/egress to abutting properties.

3. That the alley is not required for municipal services.

4. No objections to this alley vacation have been received from any utility companies or city agencies, neither abutting property owners.

Therefore, it is the recommendation of the Planning and Development Department that the attached Resolution be approved. Please contact our Technical Services Division at (313) 628-0112 if you require additional information.

Respectfully submitted,  
**MARJA M. WINTERS**  
 Deputy Director

By Council Member Collins:

Honorable City Council:

Re: Acceptance of Grant Money.

The State of Michigan's Automobile Theft Prevention Authority wishes to bestow upon the Arson Section of the Detroit Fire Department, Fire Marshal Division, for the calendar year 2010 grant funds in the amount of \$48,095.00 (3601-240241-000000-432350-12856-000000-00000), which is 50% of the total amount of \$96,189.00.

A 50% hard match in the amount of \$48,094.00 is budgeted in the Fire Department's 2009-10 Approved Budget (1000-240240-000088-721100-00065-000000-A1040) and is allocated for this effort. The ATPA's budget shortfall forced the Board of Directors to make the difficult decision of increasing the grantee matching requirement percentage from 40% to 50%.

If approved, these grant funds will be used for overtime payment for Fire Investigators to conduct investigations on automobile arson fraud related to fires that occur within the City of Detroit. Therefore, your approval to accept and appropriate these funds in accordance with the attached resolution is respectfully requested.

Respectfully submitted,

September 14, 2009

Honorable City Council:

Re: Dedication of 33-Foot Road Frontage (09-24) City of Romulus Wick Road Widening project Wick Road Booster Station (STA:031).

In 1989, the Detroit Water and Sewerage Department (DWSD) (along with other property owners) was asked to dedicate 42 feet of road frontage at its Wick Road Booster Station for the purpose of widening Wick Road, and expanding its Right-of-Way (ROW) from 33 feet to 75 feet. At its meeting of April 26, 1989, the Board of Water Commissioners agreed to the dedication of the frontage and a quit claim deed was approved by the City Council and executed in July, 1989.

The City of Romulus has since discovered that the surveyor for the ROW made an error in establishing the Wick Road Station property line in relationship to the original ROW frontage request. The original survey should have shown that a 75-foot ROW required from the centerline of the Wick Road was entirely within DWSD property. When drawn by the surveyor,

only 42 feet of property was shown as needed for the widening of Wick Road, assuming that the remaining 33 feet from the centerline of the road had already been dedicated to the City of Romulus as a road ROW. This was not the case, as the property was/is still owned by DWSD. Now, in order to correct this error, Romulus has asked DWSD to quit claim the additional 33 feet of frontage to widen the road and establish the correct ROW.

The Department has reviewed the request and has no objections. DWSD will retain an easement in perpetuity across the dedicated property for the purpose of maintenance, operation and repair of existing utilities and appurtenances, and ingress and egress to the remaining property.

At its meeting of July 22, 2009, the Board of Water Commissioners approved dedicating the additional 33 feet to the City of Romulus. It is respectfully requested that your Honorable Body adopt the attached resolution, accepting the agreement to quit-claim the additional ROW to the City of Romulus as agreed to by the Board of Water Commissioners and the City of Romulus.

Respectfully submitted,

PAMELA TURNER

Director

By Council Member Tinsley-Talabi:

Honorable City Council:

Re: Implementation of Budget Required Furlough (BRF) Days for Employees

Represented by the Supervisor's Chapter of DOT Foremen's Association.

The Labor Relations Division has recently reached agreement with the Supervisor's Chapter of the DOT Foremen's Association on a 2008-2012 labor contract. Due to the extensive time required to compile, type, proofread and process the entire contract before submission for formal approval by your Honorable Body, a long delay would occur before normal implementation steps could proceed.

In accordance with the City's long-standing practice, we are, therefore, recommending that your Honorable Body authorize action to reduce the standard work hours by ten percent (10%) or twenty-six (26) work days in a 12-month period for three (3) consecutive twelve-month periods, and to reduce proportionately those fringe benefit qualifiers which are based upon hours worked as set forth in the attached Exhibit A, effective upon City Council's approval. The complete labor agreement will be submitted to your Honorable Body as soon as it is ready.

We further respectfully request that your Honorable Body adopt the following resolution with a Waiver of Reconsideration.

### PUBLIC COMMENT

**Suan Milton-Loomis:** I am a minority investor in the Greektown Casino. Do not let Wall Street bandits rob this city and its black people. We the black investors brought casinos to this city. We also gave this city an extra \$50 million dollars to land in which we never were refunded that money. Do not forsake us. Remain steadfast and strong and do not reconsider your vote. The sale of Greektown to Merrill Lynch excluding any black ownership is very wrong. I feel it's disgraceful and we are being ignored, disrespected, used and abused by Merrill Lynch. Our great City of Detroit will lose all of its credibility and any promise of fairness if they fail their black leaders now.

**Jim Jenkins of Jenkins Construction:** I am one of two construction managers who built the Greektown Casino and I wanted to weigh in on the thoughts of what these local owners presented to the project. They brought the spirit and made sure that we stayed on track. I also support where your thoughts are to ensure that the local developers get what they rightfully deserve and what they have earned through the past many years that they have been on this part of the project.

**Leonard Barnes of Heritage Optical:** I want to reiterate the importance of minority inclusion, specifically when it comes to Greektown. We have been fortunate to be the minority vendor of vision benefits to all the Greektown Casino employees. We would just implore the City Council to make sure that minority ownership is not lost in the casino because with-

out that ownership, more than likely, I would not be sitting here before you today. We have been granted to do business with not only Greektown Casinos, but with other entities here in the State of Michigan and nationwide. We would like to see our business continue into the next generation. I thank you for the time.

### Later on in the Meeting — Greektown Discussion

**K. Cockrel, Jr.** stated that he had some questions and would like to put them in writing. He also stated that he is on record for voting for the settlement last week. I have been privy to some new information that I think need to be responded to by the Administration as we continue to assess this. I have learned in the past 24 hours that there is now a new company that has been formed, Monroe Partners, LLC which consists of several local investors in Greektown Casino. I would like to hear from the Administration whether or not this is true and whether or not they have met with the partners of Monroe, LLC.

Mr. Michael (sp.), Shefsky & Froelich, Ltd., Mr. Saul Green, Deputy Mayor and Mr. Chris Jackson, Local Partner, LLC came to the table.

**Mr. Michael [sp.] — Shefsky & Froelich, Ltd.:** It's actually not Monroe Partners. It's a different name. It's Mr. Gatzaros' group along with the ten other local minority partners that have been trying to put together a plan for months now. I think the only thing that changed in the last month or so is that Mr. Gatzaros formally told them not in writing, we will take in a group of ten. That's the only thing that has changed in the last probably nine, ten months. I think before that it was implied that the minority group will come in with me.

**K. Cockrel, Jr.:** What's the formal name of the company?

**Mr. Michael — Shefsky & Froelich, Ltd.:** It's Local Partners LLC, I think it's called.

**K. Cockrel, Jr.:** Is that correct Mr. Jackson?

**Chris Jackson:** Yes, it was former members of the UL Partners LLC which has actually nothing to do with the new entity.

**Saul Green:** I would simply add also that the Mayor sat with Mr. Gatzaros about a week ago to discuss his plans. I was in that meeting and so there has not been an attempt to shut anybody out and to not receive information.

Re: Hours of Operation at Recreation Centers.

Per the Committee's request of October 22, 2009, City Planning Commission staff has prepared a resolution for your consideration with respect to the hours of operation at recreation centers in the City of Detroit.

The attached resolution urges the Recreation Department to establish operation hours to accommodate seniors from 6:00 A.M. to 10:00 A.M. and 3:00 P.M. to 7:00 P.M. as a way of better serving senior citizens.

Respectfully submitted,  
MARCELL R. TODD, JR.

By Council Member Watson:

Whereas, The Recreation Department has curtailed the hours of operation at recreation centers in the city; and

ters and, in particular, senior citizens, have voiced their concern over the limited hours of access to the recreation centers; and

Whereas, Detroit City Council recognizes the unfortunate need to reduce the hours of operation of recreation centers during these difficult economic times; and

Whereas, The new hours of operation from 2:00 P.M. to 10:00 P.M. disproportionately disadvantage senior citizens; and

Whereas, It has been noted that patronage of the recreation centers in the late evening hours has been very light;

Now Therefore Be It Resolved, That the Detroit City Council respectfully urges the Recreation Department to reconfigure the hours of operation at recreation centers to accommodate seniors during the hours of 6:00 A.M. to 10:00 A.M. and from 3:00 P.M. to 7:00 P.M.

By COUNCIL MEMBER WATSON, Joined By COUNCIL MEMBER JONES:

WHEREAS, Just as all City of Detroit Master Agreements are only validated upon ratification and approval by both the executive and legislative branches of government; thus it is our contention that any termination by the City of Detroit of the Master Agreement between the City of Detroit and Michigan Council 25, AFSCME, AFL-CIO, et al. requires the approval of the City Council as well as the Mayor; and

### Invocation

Almighty God, Ruler of the universe, by Your power we move and have our being. We have gathered here today to serve You and conduct the affairs of the City of Detroit. Give the Council knowledge and strength to do Your will, with a proper balance of eternal values and our present needs.

May the Council accept their responsibilities and act with courage, considering the importance of other people.

Grant them a sense of justice and stewardship now and forever. Refresh them with Your power. You have entrusted them with a share of leadership. Help them to share ideas and plans with each other. Keep them kind and courteous to one another. Give them insight to the work at hand that they may further Your blessing and benefit many people.

Help them to resist any temptation to dominate, control, or forget the needs of all. We ask this through the name of the One God who is known by many names, to the Muslim, He is Mohammad, to the Hebrew, He is Yahweh/Adonai, to the Christian, we call Him Jesus. Amen.

### City of Detroit

#### Brownfield Redevelopment Authority

October 26, 2009

Honorable City Council:

Re: Great Lakes Petroleum Terminal Brownfield Redevelopment.

The enclosed Brownfield Plan for the Great Lakes Petroleum Terminal Redevelopment Project (the "Plan") (Exhibit A on file in City Clerk's Office), submitted by the Detroit Brownfield Redevelopment Authority Board (the "DBRA") to the Community Advisory Committee (the "CAC"), has been consid-

ered and reviewed by the CAC and a joint public hearing was held by the DBRA and the CAC on September 8, 2009 to solicit public comments. At its September 8, 2009 meeting, the CAC failed to obtain support for a motion for approval of the Plan. Consequently, the resolution for favorable recommendation by the CAC to the DBRA Board of Directors and City Council failed.

On October 26, 2009, the DBRA adopted a resolution (Exhibit B on file in City Clerk's Office) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

Great Lakes Petroleum Terminal, LLC (Great Lakes) is the project developer (Developer). The property consists of an existing facility encompassing 11.77 acres that once was used to manufacture asphalt shingles and subsequently to manufacture specialty asphalt cements used in the roofing industry. The Developer will make significant improvements and additions to the existing facility. Four (4) buildings will be demolished and 24 existing tanks totaling 44,000 barrels of asphalt product storage will be removed. They will be replaced by four (4) tanks totaling 246,400 barrels of asphalt cement storage. New pumps, piping, heating equipment, and product distribution systems will be installed to accommodate the revised equipment layout. Dredging of the Rouge River adjacent to the existing dock will be completed to allow supply barges to off load asphalt cement. The Developer has received an invitation letter from the Michigan Economic Development Corporation that they will consider a 12.5% Michigan Business Tax (MBT) credit of \$1,250,000 on an eligible investment of \$9,999,998 for the Great Lakes Brownfield Project.

Property Subject to the Plan

The property comprising the eligible property consists of two parcels at 12500 Stocker Road (Property) is a facility. Attachment A-1 includes a map of the Property. The Property is bounded by Rouge River to the northeast, Norfolk Southern Railroad Tracks and Service Building, and Valve Vault/Underground Petroleum Pipeline to the southeast, AMP Recycling and Aboveground Petroleum Pipeline to the southwest across Stocker Road, and Marathon.

Basis of Eligibility

The Property is considered "eligible property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for residential or commercial purposes; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be a "facility" as defined by Part 201 of the Natural Resources and Environmental Protection Act, Act 451 of the Public Acts of 1994 as Amended.

NTH Consultants, Ltd. (NTH) conducted a Phase I Environmental Site Assessment (ESA) and a Phase II ESA at the Property in April and May, 2009 respectively. These environmental assessments

have documented the presence of containments at concentrations exceeding the State of Michigan Generic Residential Cleanup Criteria. The Property's previous owner was Owens Corning Roofing and Asphalt, LLC who used the Property for a shingle manufacturing facility and more recently manufactured specialty asphalt cements for the roofing industry. Historically the Property has been associated with asphalt production since 1946.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include due care activities, additional response activities and site preparation. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt. It is currently anticipated that construction will begin in the fall of 2009 and eligible activities will be completed by spring 2010.

Tax Increment Financing (TIF) Capture

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

Estimated Cost of Eligible Activities

1. Environmental Related Activities	\$ 425,000
2a. Demolition	\$ 244,600
2b. Site Preparation	\$ 400,000
2c. Dredging	\$ 175,000
2d. Storage Tank Cleaning	\$ 256,000
3a. MDEQ Workplan Preparation	\$ 7,500
3b. MEGA Workplan Preparation	\$ 7,500
4a. MDEQ Workplan Review	\$ 1,000
4b. MEGA Workplan Review	\$ 1,000
Subtotal Eligible Activities	\$1,517,600
Contingency (15%)	\$ 227,640
Eligible Activities	\$1,745,240
5. Authority Administrative Costs	\$ 278,028
6. Local Site Remediation Revolving Fund	\$ 525,569
Total Estimated Cost to be Funded Through TIF:	\$2,548,837

The costs listed are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. The

actual cost of those eligible activities encompassed by this Plan that will qualify for reimbursement from tax increment revenues of the DBRA from the Property shall be governed by the terms of the Reimbursement Agreement.

Other Development Incentives

The property included in this Plan expects to receive additional project support from personal property tax abatement.

Comments Received

The CAC's communication to the City Council and the DBRA, dated September 8, 2009 (Exhibit C on file in City Clerk's Office), stated that the CAC failed to obtain support for a motion for approval of the Plan. Consequently, the resolution for favorable recommendation by the CAC to the DBRA Board of Directors and City Council failed. Also included for the City Council's consideration are the minutes of the joint public hearing held by the DBRA and the CAC on September 8, 2009.

**City of Detroit  
Brownfield Redevelopment Authority**  
October 23, 2009

Honorable City Council:  
Re: Forest Arms Apartments Brownfield  
Redevelopment.

The enclosed Brownfield Plan for Forest Arms Apartments Redevelopment Project (the "Plan") (Exhibit A on file in City Clerk's Office), submitted by the Detroit Brownfield Redevelopment Authority Board (the "Authority") to the Community Advisory Committee (the "Committee"), has been considered and reviewed by the Committee and a public hearing was held by the Authority on June 5, 2009 to solicit public comments. At its May 28, 2009 meeting, the Committee considered and approved a resolution recommending approval of the Plan by the Authority and City Council in the form presented by the Authority.

On June 11, 2009, the Authority adopted a resolution (Exhibit B on file in City Clerk's Office) approving the Plan and authorizing the submission of a certified copy of its resolution and the Plan to the City Clerk, together with a request that the Detroit City Council call a public hearing concerning the Plan and to take all other actions to approve the Plan in accordance with Act 381.

The Plan is now presented to the City Council for approval. The Detroit City Council will, after publication of the notices required by law, hold a public hearing on the Plan. After the public hearing, the City Council shall determine whether the Plan constitutes a public purpose and, if so, may approve or reject the Plan or approve it with modifications.

Project Introduction

4625 Second, LLC is the developer for the project that will consist of the rehabilitation of the historic Forest Arms Apartments building, which consists of a U-shaped building of 4 floors and a full basement for a total of 60,000 square feet of space. Prior to a fire that severely damaged the 3rd and 4th floors, the building's 74 apartment and 2 commercial units were fully occupied. Total project investment is estimated at \$9,000,000.

The Developer has received an invitation letter from the Michigan Economic Development Corporation that they will consider a 20% Michigan Business Tax (MBT) credit of \$1,141,170 on an eligible investment of \$5,705,850 for the Forest Arms Brownfield Project. Total Eligible investment for this project may exceed \$6 Million.

Property Subject to the Plan

The Property comprising the project is located at 4625 2nd Avenue bounded by West Forest Avenue to the north, Second Avenue to the east, Prentis Street to the south, and 3rd Street to the west, in Detroit's Midtown district.

Basis of Eligibility

The Property is considered "eligible

property" as defined by Act 381, Section 2 because (a) the Property was previously utilized for residential or commercial purposes; (b) it is located within the City of Detroit, a qualified local governmental unit under Act 381; and (c) the Property is determined to be blighted as defined by Act 381.

The City of Detroit Planning Commission has initially determined, and with the approval of the Plan, the City Council concurs, that the Property qualifies as "blighted" under the definition in Act 381 since mechanical and electrical systems must be replaced due to being damaged beyond repair. The building is potentially dangerous to persons and buildings in the area and has incurred damage due to vandals. The building has become an obvious target for arson and the City of Detroit has declared it a dangerous building.

Eligible Activities and Projected Costs

The "eligible activities" that are intended to be carried out at the Property are considered "eligible activities" as defined by Sec 2 of Act 381, because they include Environmental Site Assessment activities, lead and asbestos abatement, and interior demolition. The eligible activities and budgeted costs are intended as part of the development of the Property and will be financed solely by the Developer. The Authority is not responsible for any costs of eligible activities and will incur no debt.

It is currently anticipated that construction will begin in the fall of 2009 and eligible activities will be completed within 6 months.

Tax Increment Financing (TIF) Capture

The Developer desires to be reimbursed for the costs of eligible activities. Tax increment revenue generated by the Property will be captured by the DBRA and used to reimburse the cost of the eligible activities completed on the Property after approval of this Plan pursuant to the terms of a Reimbursement Agreement with the DBRA.

Following is a table of estimated costs of those eligible activities for the Forest Arms Apartments project.

Estimated Cost of Eligible Activities

1. Environmental Site Assessment Activities	\$ 5,973
2. Preparation of Brownfield Plan and Work Plan	\$ 20,000
3. Demolition, Lead and Asbestos Activities	\$240,000
4. Workplan Review Fees	\$ 2,500
5. Contingency (15%)	\$ 40,271
Eligible Activities:	\$308,744
6. Authority Administrative Costs	\$ 11,856
7. Local Site Remediation Revolving Fund	\$ 24,203
Total Estimated Cost to be Funded Through TIF:	\$344,803

The costs listed are estimated costs and may increase or decrease depending on the nature and extent of environmental contamination and other unknown conditions encountered on the Property. Honorable City Council:

Re: Address: 3750 Bushey. Name: Musaed Ali Kassim. Date ordered removed: February 28, 2001 (J.C.C. p. 636).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on September 18, 2009 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of September 16, 2009.

The proposed use of the property is owner occupancy. This is the third deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
SHEILAH J. JOHNSON

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on September 23, 2009 revealed the building is secured and appears to be sound and repairable.

The owner has paid the current taxes due as of September 30, 2009.

The proposed use of the property is rehabilitation and sale. This is the first deferral request for this property.

Therefore, it is recommended that the

demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
SHEILAH J. JOHNSON  
Deputy Director

WHEREAS, Mr. Larry T. Robinson was born on October 29, 1948 in Detroit, Michigan, and after spending most of his formative years in Nashville, Tennessee, decided to return to his roots after his graduation from Nashville High School in 1967; and

WHEREAS, Acting on faith and divine inspiration, Larry T. WHEREAS, Demonstrating his entrepreneurial skills and industrious work ethic, Larry T. Robinson also founded another historic institution in the City of Detroit at the same location in David Broderick Tower, Otto's Caramel Corn, which for generations has brought as sweet of a taste to the mouths of visitors from Detroit and across the region as the

musical ministry of God's World Entertainment has brought to the souls of believers; and

WHEREAS, Larry T. Robinson demonstrated his business acumen and promotional genius by launching God's World Entertainment and then, making the city of Detroit the "Gospel Music Capital of America" through marketing and organizing a sacred music concert series during the late seventies and early eighties at venues such as Ford Auditorium, Cobo Hall, and the Fox Theatre, as well as promoting the careers of gospel musical icons including the Winans Family, Fred Hammond, Kirk Franklin, Donnie McClurkin, and Yolanda Adams; and

## Invocation

Father God in the name of Jesus Christ of Nazareth, we bow down before Thee, with thanksgiving and praise in our hearts. We thank You for a time and a season of new beginnings, we thank You for fresh visions and new ideals, we thank You that You are a God of restoration, so restore and rebuild the integrity of this City, and this Council, we thank You that You are God of the second chances.

Your word declares, "If My people, which are called by My name, shall humble themselves and pray, and seek My face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

So we come first and foremost seeking forgiveness of all sins and deeds of unrighteousness, please Lord have mercy; for Your mercy endureth forever.

"Come now, and let us reason together, saith the Lord: though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool."

This is a statement of intent, either we the citizens of Detroit be righteous through repentance or purified through judgment, so Lord we beg Your pardon, as we are both Willing and Obedient, let the good of the City come forth, as we stand at the starting line of transition from "Then" to "Now", I say, as Paul said; "but this one thing I do, forgetting those things

which are behind, and reaching forth unto those things which are before, I press toward the mark";

I press out division, I press out unemployment, I press out senseless murders, I press out poverty, I press out illiteracy, I press out scandals, I press out foreclosure, I press out homelessness, I press out drug addiction, I press out lies, deceit and jealousy forgetting those things which are behind and I loose a righteous authority that this Council will Stand, Walk and Live with integrity and honor. Lord, give us back the strength to be the fruitful vine we once were, give us back Faith: the fusion of our will and purpose into God's will and purpose, bless our homes, church's and our communities, Lord, bless our City Government as only You can, we ask it, we believe it, we declare and decree it, in Jesus Name, It is so, Amen.

Honorable City Council:

Re: Employee Loan Program.

The Labor Relations Division is recommending your Honorable Body's official approval of the attached Memorandum of Understanding (MOU) between the City of Detroit and International Union of Operating Engineers, Local 547 (IUOE).

This MOU regarding the Employee Loan Program outlines the terms of the agreement between the City of Detroit and IUOE that allows employees who are current participants of the General

Retirement System and represented by IUOE to participate in the loan program. The MOU has been signed by all parties concerned and meets with the approval of the Labor Relations Division.

The City and IUOE have agreed that eligibility for participation in the employee loan program shall be effective immediately upon approval by your Honorable Body and further agreed to incorporate this MOU into the successor agreement negotiated by the parties.

Therefore, we further request that your Honorable Body adopt the following resolutions with a waiver of reconsideration.

Respectfully submitted,  
BARBARA WISE-JOHNSON  
Labor Relations Division

Whereas, The Labor Relations Division, under the direction of the Mayor, is authorized and directed by the City Charter to act for the City of Detroit in negotiation and administration of collective bargaining contracts, and

Whereas, The Labor Relations Division and IUOE, have met and negotiated this Memorandum of Understanding which allows plan participants to apply for loans and receive loans under the terms specified in the attached Memorandum of Understanding.

Now, Therefore Be It Resolved, That the Memorandum of Understanding between the City of Detroit and IUOE is hereby approved and confirmed in accordance with the foregoing communication, and be it further Resolved, that this action be taken with a waiver of reconsideration.

**MEMORANDUM OF UNDERSTANDING  
BETWEEN THE  
CITY OF DETROIT  
AND  
IUOE, LOCAL 547**

**Re: Employee Loan Program.**

In fulfillment of their collective bargaining obligations under the Michigan Public Employees Relations Act ("PERA") MC423.215, the parties agree that a Participant Loan Program will be available to bargaining unit members. Its terms will be as follows:

(a) **Established:** Any loans granted or renewed shall conform with the requirements of Section 72(p) of the Internal Revenue Code, 26 U.S.C.1 et seq. Such loan program shall be established in writing by the Board of Trustees, and must include, but need not be limited to the following:

1. The identity of the administrator of the Participant Loan Program;

2. A procedure to apply for loans, the amount of loan that will be approved or denied, and limitations, if any, on the types and amount of loans offered;

3. The procedure under the program for determining a reasonable rate of interest; and

4. The events constituting default and the steps that will be taken to preserve plan assets.

(b) **The Loan Program:** The Loan Program shall be contained in a separate written document copies of which shall be made available in the offices of the City of Detroit General Retirement System for prospective participants in the program. The Board of Trustees is authorized to adopt rules and regulations, from time to time, to govern the administration and the operation of this program. Copies of the rules shall also be made available to prospective participating members of the system in the offices of the General Retirement System.

(c) **Eligibility:** Subject to the rules and procedures established by the General Retirement System Board, loans will be made to bargaining unit members. Former participants, spouses of participants, and beneficiaries are not eligible to receive any loans from the Plan. Subject to rules and procedures established by the Board, a participant who has been in the plan for twelve (12) months or more is eligible to apply for a loan from this plan.

(d) **Amount of Loan:** A participant who has satisfied applicable rules and procedures may borrow from his or her account an amount, which does not exceed fifty percent (50%) of the participant's vested accumulated balance, or ten thousand dollars (\$10,000.00) reduced by the excess, if any, of: 1) the highest outstanding balance of loans from the trust during the one (1) year period ending on the day before the date on which the loan is made, or 2) the outstanding balance of loans from the trust on the date on which the loan is made, whichever is less. The minimum loan amount shall be one thousand dollars (\$1,000.00).

(e) **Terms and Conditions:** In addition to such rules and procedures that are established by the Board, all loans shall comply with the following terms and conditions:

1. Loan applications shall be in writing;

2. Loan shall be repaid by equal payroll deductions over a period not to exceed five (5) years, or, where the loan is for the purpose of buying a principal residence, a period not to exceed fifteen (15) years. In no case shall the amount of the payroll deduction be less than twenty dollars (\$20.00) for any two-week period;

3. Each loan shall be made against the assignment of the participant's entire right, title, and interest in and to the trust supported by the participant's collateral

promissory note for the amount of the loan, including interest payable to the order of the trustee;

4. Each loan shall bear interest at a rate determined by the Board. The Board shall not discriminate among participants in its determination of interest rates on loans. Loans initiated at different times may bear different interest rates, where, in the opinion of the Board, the difference in rates is supported by a change in market interest rates or a change in the pension system's current assumed rate of return. The loan interest rate shall bear a reasonable relationship to market rates for secured loans of a similar duration and shall bear a reasonable relationship to the costs to the pension trust of administering the trust. The loan interest rate shall be calculated in a manner that will not negatively affect the City's costs to the trust or the return to trust members.

5. Loan repayments shall be suspended under this plan as permitted by Section 414(u)(4) of the Internal Revenue Code, 26 U.S.C. 414(u)(4). A participant who has an outstanding loan balance from the plan who is absent from employment with the employer, and who has satisfied the requirements of 26 USC 414(u) of the Internal Revenue Code shall not be required to make loan repayments to the fund during said periods of absence.

(f) **Renewal of Loan:** Any loans granted or renewed shall be made pursuant to the participant loan program and Section 72(p) of the Internal Revenue Code, 26 U.S.C. 72(p) and the regulations thereunder.

(g) **Loan Balance:** A participant's outstanding loan balance shall be considered a directed investment by the participant and interest payments, shall be credited to the participant's account balance, and shall not be part of net investment income or part of the participant's account balance for the purpose of allocation of net investment income under Section 47-2-18 of the City Code.

(h) **Distribution:** No distributions shall be made to a participant, former participant, or beneficiary until all loan balances drawn on the applicable vested accumulated balance and applicable accrued interest have been liquidated.

(i) **Annual Report:** The General Retirement System shall include in their annual report to all members, an accounting of the loan program established by this section, which contains the number and amount of loans made, the costs of administering the program, the amount of payments made including interest received by the trust, the amount of loans outstanding, including any defaults or delinquencies, and an evaluation as to whether the interest charged in the fiscal year covered the costs of administering the program.

Based on the request of the union, in recognition of what it views as the severest of economic hardships now being experienced by its bargaining unit members, the parties agree that eligibility for participation in said loan program will be in accordance with the provisions contained herein, and shall be effective immediately upon the signing of this Memorandum of Understanding and ratification by City Council. All necessary steps shall be taken to ensure that the implementation date of the Employee Loan Program for members of this bargaining unit shall occur as soon as administratively possible so that it coincides with the initial implementation date established by the General Retirement System.

The parties agree that this Memorandum of Understanding represents the sole and complete agreement regarding the Participant Loan Program for members of this bargaining unit, that this Agreement in full text shall be incorporated in the successor Labor Agreement and shall remain in full force for the duration of said successor agreement, and in recognition that the Participant Loan Program is a mandatory subject of bargaining, no modifications can be made unless collectively bargained and mutually agreed between the parties hereto.

Planning & Development Department

October 28, 2009

Honorable City Council:

Re: Medical Center Rehabilitation Project No. 2 Development: The Center Section of Tolan Playfield (a/k/a part of 701 Mack).

On August 18, 2008, your Honorable Body authorized the sale of the above-captioned property to Queen Lillian, LLC subject to various conditions, one of which was an amendment to the City of Detroit Master Plan of Policies changing the property's designation from "OS/INST" (Open Space/Institutional) to "INST/GC" (Institutional/Civic/Public Use/General Commercial).

The single, non-blended designation is necessary in order to be consistent with the newly amended Master Plan of Policies adopted by your Honorable Body on July 28, 2009.

We, therefore, request that your Honorable Body adopt the attached resolution authorizing an amendment to the sales resolution, to reflect a correction changing the authorization of the sale of the property from subject to (a) an amendment to the City of Detroit Master Plan of Policies changing the property's designation from "OS/INST" (Open Space/Institutional) to "INST/GC" (Institutional/Civic/Public Use/General Commercial) to subject to (a) an amendment to the City of Detroit Master Plan of Policies changing the property's designation from "PRC" (Recreation) to "INST" (Institutional).

Honorable City Council:

Re: Address: 7239 Lane. Name: Darlene A. Smith & Eimad F. Fakhouri. Date ordered removed: September 11, 2002 (J.C.C. p. 2693).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on September 17, 2009 revealed the building is secured and appears to be sound and repairable.

The owner has paid current taxes due as of May 4, 2009.

The proposed use of the property is

owner occupancy. This is the second deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

**Water and Sewerage Department

September 24, 2009

Honorable City Council:

Re: 2009-2010 Budget Amendment Request Water and Sewerage Department.

I respectfully request your consideration and approval of the attached 2009-2010 budget amendment for the Water and Sewerage Department.

We wish to arrange the appropriations to fit our operations. Last May, changes were made to the Department's budget after the Mayor's budget hearing. In an attempt to transfer apprentices from Human Resources to DWSD's budget and adjust DWSD's fringe budget, appropriations for groups such as Water Operations were greatly reduced. This will have a negative impact on our budget. Adjustments to the budget are needed to avoid hampering our operations. This is not a request for an increase in total appropriations. DWSD has held its operations and maintenance budget at virtually the same levels for the past six (6) fiscal years. We are requesting changes now to avert problems in the future.

I would like to request that the attached

2009-2010 budget amendment for this Department be approved.

Respectfully submitted,  
PAMELA TURNER  
Director

Honorable City Council:

Re: Proposed Ordinance to Amend Chapter 22 of the 1984 Detroit City Code, *Handling of Solid Waste and Prevention of Illegal Dumping*, Article II, *Storage, Preparation, Collection, Transport, Disposal, and Placement*, Division 5, *Illegal Dumping*.

On October 20, 2009, your Honorable Body passed an ordinance to amend Chapter 22 of the 1984 Detroit City Code, *Handling of Solid Waste and Prevention of Illegal Dumping*, Article I, *In General*, Division 2, *Civil Fines for Violations*, which, in part, reduced the fines associated with blight violations issued under,

among other provisions, Section 22-2-83 of the Code. However, Section 22-2-83 was inadvertently omitted from the ordinance that was passed.

Pursuant to the applicable provisions of the 1997 Detroit City Charter, the above-referenced proposed ordinance is being submitted to your Honorable Body for consideration and passage to correct the above-referenced omission. This proposed ordinance amends Chapter 22 of the 1984 Detroit City Code, *Handling of Solid Waste and Prevention of Illegal Dumping*, Article II, *Storage, Preparation, Collection, Transport, Disposal, and Placement*, Division 5, *Illegal Dumping*, by amending Section 22-2-83 to change the method of measuring solid waste in the section, except for the dumping of solid waste from a motor vehicle which constitutes littering, from cubic feet to cubic yards.

We are available to answer any questions your Honorable Body may have concerning this proposed ordinance. Thank you for your consideration.

Respectfully submitted,

**Public Lighting Department**

November 5, 2009

Honorable City Council:

Re: Request Approval of the Public Lighting Department Adjusted Rate Book to Include Reinstatement of the Power Supply Cost Recovery Factor (PSCRF), and Facilitate Addition of Michigan Public Act 295 Renewable Clean Energy and Energy Optimization Program Surcharges to PLD Customers.

The Public Lighting Department requests approval of the current rate book to reinstate the Power Supply Cost Recovery Factor (PSCRF), and add state mandated surcharges to PLD electric service customers for Renewable and Clean Energy and Energy Optimization Programs.

Information regarding PA 295 including the act itself was provided to this Honorable Body on March 30, 2009 and request for approval of Adjustments to the current rate book July 20, 2009 of this year. Both items were discussed before the Council Public Health & Safety

Standing Committee on September 29, 2009.

As indicated previously, the departments' plans were submitted and approved on July 1, 2009. PLD has 90-days to implement the surcharges from July 1, 2009. In accordance with PA 295, we are not required to implement Renewable and Clean Energy expenditures before 2015. The PLD Renewable and Clean Energy Plan (REP) estimates \$466,000 in annual revenue from, 2010-2029. Estimated revenue for our Energy Optimization Plan (EO) surcharge is as follows:

- 2010 — \$228,597
- 2011 — \$532,613
- 2012 — \$739,087

It should be noted that 100% of all monies collected for both REP and EO plans must be spent on these programs, are therefore restricted in use and must be maintained separate from the General Fund. In addition, both funds will be audited by the Michigan Public Service Commission (MPSC) every two years for compliance with Michigan PA 295 of 2008.

We ask for approval of the PLD Adjusted Rate Book to facilitate the activities indicated above, with Waiver of Reconsideration. If there are any related questions please contact my office.

#### **Law Department**

October 19, 2009

Honorable City Council:

Re: Proposed Resolution to Authorize the City of Detroit to Accept Dave Bing's Annual Salary and the Finance Director to Establish Appropriate Revolving Accounts.

Since taking the oath on May 11, 2009, Mayor Dave Bing has not accepted the \$176,176 salary that is normally paid to the Mayor of the City of Detroit in accor-

dance with the Official Compensation Schedule. Mayor Bing desires to donate his salary, earned as Mayor of the City of Detroit, for purposes of additional funding dedicated to the Detroit Police Department.

Section 2-1-12 of the 1984 Detroit City Code provides that the Mayor, with the approval of City Council, is authorized on behalf of the City to accept any gift, grant, devise or bequest of personal property to be used for any public purpose. Attached is a proposed resolution for adoption by your Honorable Body: 1) to authorize the Police Department, on behalf of the City and with the approval of the Mayor, to accept monetary gifts from Mayor Bing for any salary that he has received as Mayor of the City of Detroit commencing May 11, 2009 on a bi-weekly basis upon the issuance of his paycheck; and 2) to authorize the Finance Director to establish an appropriate revolving account to receive all monetary gifts from Mayor Bing for any salary that he has received as Mayor of the City of Detroit commencing May 11, 2009 and to re-appropriate the same to the account for the Detroit Police Department that has been established for this purpose. The resolution has been approved as to form.

We are available to answer any questions that you may have concerning these proposed resolutions. Thank you for your consideration.

Respectfully submitted,  
 KRYSTAL A. CRITTENDON  
 Corporation Counsel

Respectfully submitted,

CHRISTINA LADSON

Interim Director

Finance Dept./Purchasing Div.

By Council Member Kenyatta:

Resolved, That Contract No. **2806671** referred to in the foregoing communication, dated November 5, 2009, be hereby and is approved.

Adopted as follows:

Yeas — Council Members Jones, Kenyatta, Reeves, Tinsley-Talabi, Watson, and President K. Cockrel, Jr. — 6.

Nays — None.

### MEMBER REPORTS:

**J. WATSON:** I'd like to ask that we have a moment of silence to honor the life of Dave Moore, best friend of the Honorable Coleman A. Young and a co-founder of United Auto Workers (UAW). Mr. Moore was honored at this Council with a lifetime achievement presented with a Testimonial Resolution and he was a magnificent leader in this community. Mr. Dave Moore was terrorized by the House on American Activities Committee which also terrorized former Mayor Young. They falsely labeled him a communist when he tried to stand up for organized labor and the right for people to organize. He was the one that helped to push that button to stop Dodge Main. Mr. Moore was the last living survivor of the hunger strike, and he's a wonderful man who always led

and always signed off with a trademark to carry one. Mr. Moore loved this city, loved organized labor and gave his life to that.

**M. REEVES:** I'd like to mention that Motown left Detroit thirty-nine years ago. In addition, it's my son's birthday.

**B. JONES:** Last week, this Council passed a resolution in regards to stopping union contracts and we referred to outside counsel. I'm questioning what we do to move forward? I'd like to know if the judge issued an order that the union dues be taken out? Therefore, I'd like to know if we can file a motion to go to the courts to find out what authority does the Council have? In addition, I'd like to know whether or not it should actually come to the Council because we still haven't received anything from the Law Department. I received information from Research and Analysis Division but I asked both departments to weigh in on it. In light of the fact that the injunction was issued by the judge for it to go to arbitration, the question still remains whether or not Council has any authority on that matter and I think this is something that the judge would have to decide. I'd like to know if we should be reactive or proactive.

**D. WHITAKER, Research & Analysis Division:** It's our understanding that the matter is still in litigation; the matter was entered last week. I think we've circulated a copy of the order for Council's edification last week. The order that was entered by Judge Hathaway really does not address Council's role at all. Judge Hathaway ruled in such a way that she did allow for the city's position relative to the termination to be pulled back; she entered an injunction. Judge Hathaway did not say that she was doing so because the Council had a right to enter in on that decision.

As it relates to Council's role and the process, that was not addressed at all by the court in the court's ruling. To the degree as Member Jones has said, Council wants clarification on whether or not Council has a role, it's my understanding that there are other contracts where the Mayor took action. So, the issue is still outstanding as to whether or not the Council has a role. Research & Analysis Division has written it's opinion, but we're not judges, so it would require a judge to state whether or not the Council has a role or not. The resolution that was passed by your Honorable Body last week allowed for the retention of outside counsel to give an opinion. If it's the desire, and I assume it is because you voted for it, we would go about selecting an outside counsel who is capable. Our problem is

that the lawyers we know that would be competent, all comprised because they represent the union in some way or another. We need someone that is capable of making the analysis and doing so objectively so you'd get a fair reading of the law.

**LEWIS SMITH, Law Department:** The matter is in arbitration and since it's in arbitration, both the city and the unions must abide by the decision of the arbitrator. Therefore, there's no role at this time for City Council in the matter. As Mr. Whitaker stated, the judge did in her order require that the status quo will be maintained; the union dues will be deducted from city workers. Therefore, there's no role for City Council and we have to abide by the arbitrator's decision.

**B. JONES:** I respectfully disagree with the Law Department's view; City Council does have a role. The Law Department still hasn't responded to my request as to whether or not this body has a decision when the contract was stopped. I understand what's before the arbitrator, and that is the process in which the union and the administration handled what they handled. My question is whether this body has any jurisdiction when the Mayor terminated the contract.

**LEWIS SMITH, Law Department:** Mr. President, I'll take that back to corporation counsel. It should be noted that the Law Department does concur with Research & Analysis Division opinion, that there is no role in that type of situation for this Honorable Body.

**J. WATSON:** Given something of this Magnitude, is it true that the City of Detroit was not represented during the hearing? I'd like to know exactly who filed? Was the Law Department present during the hearing?

**LEWIS:** I have no personal knowledge of that but will refer to corporation counsel.

**J. WATSON:** The Law Department is supposed to represent all of us by law. Mr. Whitaker has said that he could have come down on either side on the findings and opinions as to whether City Council has a role. So if you can come down either side, come down on our side. Law requires the City Council's ratification of the bargaining agreement. In my view, termination of the agreement ought to be required by this body; neither the ratification nor the termination represents administration. It's administration that we can't get involved in, not the management. We're not managing employees, we're executing, terminating or ratifying a legal instrument and I believe that since the ratification of all union contracts is required by Council, termination of the same legal instruments ought to be required by Council. You can't have this body saying yes to ratification and not

allowing us to weigh in on termination of said agreements; it opens up far too much liability. That issue has now been addressed in a fundamental way by the court which has forced the city to recollect the dues while it goes into arbitration. It's a challenge that might have been avoided had the matter been brought before Council.

**K. KENYATTA:** This issue has been discussed in the committee but there's one question that I'd like to know. Whose is arbitration? Is it just the AFSCME union or all unions who contracts were terminated?

**LEWIS SMITH:** I don't have the order in front of me, but it was just the AFSCME contract.

**K. KENYATTA:** Mr. President, the issues that were raised by Member Jones and Member Watson are valid issues. The judge did make a valid decision and part of AFSCME premise was that the contract was suspended or terminated without Council's approval so the judge reversed the suspension. What was it based on? Was it based on the fact that Council did not give their approval? Again, I think this is another example of the conflict when it comes to representation of the Law Department, and that's one of the issues that the commission will have to discuss. Ultimately, I think it leads to the elimination of the Law Department and maybe the establishment of a separate and apart way to provide legal advice to the City of Detroit. It's clear when the Law Department step into a courtroom, they represent only administration and the administration is usually the one who, in fact, give the directions. So, that must be resolved and it may only be resolved through the elimination of the Law Department.

**B. JONES:** On Thursday, in the Internal Operations Standing committee, I did ask the Law Department to respond to the question of whether or not they were actually in court during the injunction hearing and whether or not there was written documentation. My understanding, through Research & Analysis Division, is when they originally had the hearing, the judge gave them an opportunity to do verbal arguments and then recess for seven days so they could do a written motion. **MY QUESTION TO THE LAW DEPARTMENT IS WHETHER THAT WRITTEN MOTION WAS ACTUALLY FILED AND WHETHER OR NOT IN FACT THEY WERE IN COURT?** Hopefully, I'll get a response to my request.

**D. WHITAKER:** I just want to emphasize what Member Jones said. What we actually said was that the judge had ordered the city to file a response, so I don't know if they did or not. The judge

had ordered the city to file a response, so I don't know if they did or not, but it wasn't a suggestion. It was a written court order that they should enter a response and appear last Wednesday for a continued hearing on the matter.

**B. JONES: I'D LIKE TO ASK FOR A COPY OF WHAT WAS FILED TO BE GIVEN TO THIS BODY AND TO RESEARCH AND ANALYSIS DIVISION.**

**K. COCKREL, JR:** I'd like to make a recommendation. I've met with Mayor Bing on this about a month or so ago and I think some consideration should be given to revamp Budget-Required Furlough Days. For example, it doesn't make any sense that we have a holiday Wednesday, a Budget-Required Furlough Day on Thursday; that means you have two days of lost productivity. In some cases, maybe three days because I'm hearing that there are swarms of people that have put in for a vacation day on Friday so they can have what's in effect as a five-day weekend. I strongly think that Budget-Required Furlough Days need to be revised so you could eliminate problems. I believe you could have taken Veteran's Day and made it an unpaid holiday as well as a Budget-Required Furlough Day, then you really wouldn't have this problem.

## PUBLIC COMMENT

**Tammy Mathis** — stated that she feels the City of Detroit does not need any more strip clubs and voiced her support of the ordinances.

**H. B. Lawrence** — stated he feels that the club community as a whole has not been represented fairly; and that he feels the City Council is prejudice and has morality hangups. School students, single moms, etc. need jobs. Adult clubs pay taxes.

**Pastor Marvin Winans** — urged the Council to move Detroit in the right direction and stop the proliferation of these strip clubs.

**Richard Mack** — urged the Council to adopt the ordinance for licensing and states he feels that the venues have negative impact on the community.

**Samantha Gapp** — discussed separation of church and state. People are just trying to make a living and it is not about morality it is about surviving.

**Andy Hutson** — Have worked in industry for nine years and question why the Council would shut down 33 viable businesses. He stated he would be forced to move out of the area.

**Jacob Hollington** — Reported he is a bartender at the Toy Chest. If the ordinances pass they will be pushing tax paying dollars to the suburbs and he would have to move to get another job.

**Jennifer Chandler** — Stated that she is 36 years old and her job as a dancer allows her to go to school. If she didn't have this job she would have to work at

McDonalds a lot more hours for a lot less pay. She is just trying to provide for herself.

**Tammy Hart** — Stated that she is a cashier at a grocery store but doesn't earn enough money to pay her bills. Topless dancing supplements her.

**Pamora Gaitskill** — Bartenders, vendors, taxpayers and homeowners keep the city afloat. We'll have more empty buildings if this passes.

**Brandy Fuller** — She lost her job six months ago and started dancing. It is her only source of income to pay her bills.

**Sabrina Jones** — Enforcement of keeping business alive. Entrepreneur dreams and goals make families stronger. Judge not that he should be judged.

**Caprice Marbury** — This is how she pays for school and feed her kids. She does not want to be on welfare. She attends ITT. Dancing is her only income.

**Shamarra Ward** — Detroit doesn't have a lot of jobs. Don't take away the jobs.

**Donald Perattis** — He is a DJ, graphic designer and college educated. Don't erase his job. He lost his job and is now an entrepreneur. He supports all of the girls.

**Anen Anderson** — He is a small business owner in heating and cooling. The establishments provide work for him. His children go to Catholic school. The income pays their tuition.

**William Grant** — He rejected topless dancing at church. He has a job at a bar; got out of the street. People will be unemployed.

**Kipp Taylor** — He is a chef at an adult night club. He is married and has three children. You can't pass legislation based on moralistic views. His wife is laid off and can't find a job.

**Jay Dowdell** — Good follows good. Evil follows evil. God shall provide if strip clubs are voted on.

**Larry Kaplan** — He is an Executive Director. Adult night club will lead to lawsuits. Do not want to file. Pandering to power brokers.

**Rob Katzman** — Dictate six feet bare breasted. Censorship leads us to slipping slope. Form of entertainment and hospitality.

**Taquela Bates** — This is how she takes care of her children. She is a convicted felon and can't find a job.

**Brittany B.** — Her previous job didn't pay her bills; it was minimum wage. Just the entertainment business pays her bills. The unemployment rate is high.

**Kim J.** — This is how she takes care of her children and pay for schooling. It keeps people out of the street.

**Belinda Scott** — She is in favor of the ordinance. She is a member of Perfecting Church. Is dancing nude the best we can offer our daughters?

**Sommer** — Hardworking, WSU student and dancer. No loans. She pays for her tuition. It is not hurting anyone. It is not

fair to take away the jobs. She makes about \$16,000 a month.

**J.R. Farano** — Gentlemen’s Clubs, The Coliseum in Detroit. New York, Chicago and Miami have these clubs; outstanding communities. The clubs supports over 200 families. The ordinance is opinionated.

**K-Deezy** — (Local Artist). These are people’s lives you are dealing with. Don’t take the jobs from the people.

**Otis** — Vietnam Veteran, WSU graduate and artist. Many jobs would be affected by this. These are good people.

**Ken Cory** — He is ashamed of the City Council. They already made up their mind. Don’t let a few people stop the city from progressing. The city is devastated.

**Ms. Jordan Allen** — One of the owners of Player’s Den. If you take these jobs away, it will have a trickle down effect. Not just the girls; the plumbers, carpenters, etc. It is an honest way of living. She employs over 45 people.

**Jerome Pace** — He spends millions in legal dispositions to put this together. I will spend more to defend it. He makes a lot of money with dancers. If you close the clubs down, he will have the blind pigs start back up.

Honorable City Council:

Re: Address: 4811 Springwells. Name: Charles L. Hahn P 33322. Date ordered removed: March 3, 2009 (J.C.C. pg. ).

In response to the request for a deferral of the demolition order on the property noted above, we submit the following information:

A special inspection on October 2, 2009 revealed the building is secured and appears to be sound and repairable.

The owner has entered into an approved Tax Payment Plan to pay the current taxes due as of (September 29, 2009).

The proposed use of the property is rehabilitation and sale. This is the first deferral request for this property.

Therefore, it is recommended that the demolition order be deferred for a period of three (3) months subject to the following conditions:

1. The building shall be maintained securely barricaded until rehabilitation is complete. All relevant permits for rehabilitation work shall be obtained. Rehabilitation is to be complete within six (6) months, at which time the owner will obtain one of the following from this department:

- Certificate of Acceptance related to building permits
- Certificate of Approval as a result of a Housing Inspection
- Certificate of Inspection, required for all residential rental properties

2. The owner shall not occupy or allow occupancy of the structure without a certificate (as outlined above).

3. The yards shall be maintained clear of weeds, junk and debris at all times.

We recommend that utility disconnect actions cease to allow the progress of the rehabilitation.

At the end of the deferral period, the owner must contact this department to arrange an inspection to evidence that conditions of the deferral have been maintained and that there has been substantial progress toward rehabilitation. If the building becomes open to trespass or if conditions of the deferral are not maintained, we may proceed with demolition without further hearings. And, pursuant to the Property Maintenance Code we will issue a Blight Violation Notice.

A request for deferral exceeding four must be made by petition to City Council through the office of the City Clerk.

Respectfully submitted,  
SHEILAH J. JOHNSON  
Deputy Director

By Council Member Tinsley-Talabi:

The encroachment petition was referred to the City Engineering Division — DPW for investigation and report. This is our report.

Necessary permits will have to be obtained from City Engineering Division — DPW Permit Bureau for any street or alley construction, backfill, or occupancy of the City rights-of-way to install non-standard materials.

The Detroit Water and Sewerage Department (DWSD) reports there is a water main in Library near the area of encroachment, however, DWSD has no objections to the encroachment provided that the provision for the encroachment is strictly followed.

The Public Lighting Department (PLD) reports that there is underground fed streetlight very close to the area of encroachment; however, PLD has no objections to the encroachment provided that PLD's requirements are followed.

All other city departments and privately-owned utility companies have requested that the petitioner make use of the "MISS DIG" facilities before any construction, backfill, or occupancy of the City rights-of-way to install non-standard materials in the public (street or alley) rights-of-way. Should damages to the utilities occur, the petitioner shall be liable for all claims and damages related to the encroachment installation.

An appropriate resolution, granting the encroachments, is attached for consideration by your Honorable Body.

Respectfully submitted,

JESSY JACOB

Provided, That, if not already a member, the petitioner shall apply to become a participating member of the "MISS DIG" organization; and further

Provided, That said permits issued by the City Engineering Division — DPW and/or the Buildings and Safety Engineering Department(s) are granted with the distinct understanding that in the event the City Charter, or Detroit Code(s), or ordinance(s), or resolution(s), or city policies (governing the placement of encroachments in the public rights-of-ways) are amended to provide for levying thereafter, of fee, charge or rental, to be hereafter determined upon, for the occupancy of public streets, alleys or other public places, that the permittee will pay said fee, charge or rental provided for in said Charter, or Code(s), or ordinance(s), or resolution(s), or policies; also said permittee does hereby bind itself thereunto, and accept said permits on the conditions hereby imposed, and in the event said permittee shall contest the validity of said Charter, or Code(s), or ordinance(s), or resolution, or policies of said fee, charge or rental, or upon refusal to pay same, these permits shall immediately become void; and further

Ordinance No. 15-00, Chapter 21 Article 3, requires the approval of your Honorable Body for the purchase of goods and services over the value of \$25,000, all contracts for personal services renewals or extensions of contracts or the exercise of an option to renew or extend a contract. EMT Basics, EMT Specialists and EMT Paramedics are called to serve everyday in extraordinary circumstances; and

WHEREAS, All Detroiters benefit from the selfless service of our highly trained EMTs, and each of us have a greater sense of security knowing they are responsible for the safety of the patients, their partners, bystanders at the scene, and themselves; and

WHEREAS, EMTs remember the goal of their training which is to save lives and reduce suffering, and to exercise extreme care in both words and actions to ensure trustworthiness and confidential communication with the patients; and

WHEREAS, EMTs risk their lives each day as they face near epidemic increases in infectious diseases, such as AIDS, hepatitis, and varying strains of respiratory illnesses; alarming increases in violence among young people; and an extremely high volume of calls in order to provide service to the people of the City, its employees and visitors; and

WHEREAS, The job of providing life-saving measures becomes increasingly demanding as new concerns must be addressed, including the threat of weapons of mass destruction, involving radiological, biological or toxic contaminants, among others; and

WHEREAS, A pre-hospital service career is a noble calling — putting others first by saving lives, reducing suffering, adhering to ethical responsibilities and maintaining honesty in reporting, staying calm in the face of horrible circumstances in order to reduce the emotional stress of their jobs, yet preserving the safety of themselves and their partners. NOW THEREFORE BE IT

RESOLVED, That the Detroit City Council hereby, congratulate EMT Paul McNamara for 28 years of valuable service to the City of Detroit and its citizens, and for putting the critical medical care of others first. We extend our best wishes to you for a long, happy and fulfilling retirement.

# CITY COUNCIL

(ADJOURNED SESSION)

(All action of the City Council appearing herein is subject to reconsideration and/or approval of the Mayor.)

**Detroit, Friday, November 20, 2009**

Pursuant to adjournment, the City Council met at 10:00 A.M., and was called to order by the President Kenneth V. Cockrel, Jr.

Present — Council Members S. Cockrel, Jones, Kenyatta, Watson, and President K. Cockrel, Jr. — 5.

There being a quorum present, the City Council was declared to be in session.

Council Member Barbara-Rose Collins entered and took her seat.

Council Member Martha Reeves entered and took her seat.

Council Member Alberta Tinsley-Talabi entered and took her seat.

## NEW BUSINESS PUBLIC COMMENTS

**LaTonya Hill** spoke on behalf of our daughters, who are affected the most by this lifestyle, which involves nightclubs; daughters see the glamour and possessions but our daughters do not see the ugly side. She asks the members of this Council to remember our children who do not have a voice in this matter.

**Rosemarie Evenhuis** expressed honor in seeing the Council Session open to anyone who wish to speak. She stated that it is an honor for her and her husband to attend the Council Meeting and look forward to positive things from the Council.

**Larry Kaplan, Ace of Michigan, Trade of Association — Adult Nightclub Industry**, representing 6,731 hard working people. We put two hundred and three million dollars (\$203,000,000) into Detroit's economy annually. We pay approximately three million dollars (\$3,000,000) in taxes and \$862,000 licenses and fee. You are taking jobs away from thousands of Detroiters and money out of the pockets of families when there are no other jobs. I must say that this is the most dishonest piece of legislation I have ever seen and I have seen some deuces.

If you enact this legislation and Ace of Michigan is force to sue the City, the \$8.3 million dollars on the text message scandal that is paid will be dearth by the

money our club will receive. Please do the right thing and let the new Council deal with the people.

**Tammi Mathis** stated that the ordinance could stand against a fight. It has won in other states and she believes it can win in Detroit. There are reasons you do not have these strip clubs in other counties and cities. We can do the exact thing here. We are not against the people; few people have asked for help in earning money other than in a strip club. Why cannot they start a business? There are other ways to make money other than taking your clothes off and there are a number of resources.

**Tonya Wells** requested an investigation relative to the election misconduct of Detroit City Clerk, Janice Winfrey. Mrs. Winfrey has brought with election commission and/or department funding souvenir items by the hundred thousands. She fails to respond to the stimulus money package petitions for grant funding timely on more than one occasion by our citizens. She held two "illegally" candidate nightly forums in the City County Building in the auditorium down the hall. Mrs. Winfrey should produce the documents as how she spent election commission and/or department funding with her name printed in an elected position on it. Ms. Wells would like a written response for an investigation concerning Detroit City Clerk, Mrs. Janice Winfrey.

**Richard Mack** asked the Honorable Body again to review the matter of the Adult Entertainment Ordinance. There is a quorum today and we understand that there will be another session on December 3, 2009, which means, if the body . . . interruption . . .

## PRESIDENT KENNETH V. COCKREL:

That is not guarantee . . .

Richard Mack asks that this subject move from the talking phase to the actual phase. He reminded the Council Members that the ordinance in front of them today deals with bonding certain things including devices in the communities that the strip clubs engage in. We want the Council to act, come back and have a public hearing on December 3 whenever the Council feels is appropriate. We feel that this needs to be complete and done this year. If you wait until next year, you are wasting so much money on the ten thousands of dollars that you pay those experts to fly here to have this done this year. We do not want to start from scratch again.

**Nancy Jenkins** supports her pastor and the City of Detroit. She stated that this is not in the best interest of Detroit or for the residents of Detroit for this type of illicitness in our City. We can do better. One note, on the money it says "In God We Trust". She thinks that is has been forgot-

ten who is the boss over all of us. Concerning taxes paid and dollars given to women, what difference does it make; it is not good. Wages of sin is death and our sin is reproach to any nation.

**Kipp Taylor** works in an adult entertainment club as a chef for more than 25 years. His concern is that there is not much work in the City of Detroit. He is having a hard time finding a job and paying his taxes. He asked for assistance in finding a position making good money. Mr. Taylor does not agree with the statement that where he works is not a good thing.

**Jamil Jordan, a father with two daughters**, does not agree with the nightclub industry. He thinks it is a bad moral and a bad spirit to strip for income. He stated that everything you do in life there will come some struggles and you have to overcome but degrading yourself is not the answer to the situation. This brings on a spirit of photography, it is morally wrong, and I do not support.

**Clementine Dalton** representing the parents, biological, foster and adopted and she is totally against adult entertainment because it is at the expense of our children. As a foster parent, she had a four-year-old daughter whose mother came from this lifestyle. The mother was an exotic dancer during the day and a prostitute at night. This child went to therapy and diagnosed with multiple personalities. Her first personality was a little girl and the second personality was the character of her mother; the dancing, cursing and she would show you how the pimps would beat her mother. She is an adopted parent with six children. This past Monday, her 15 year old boy, a good child, is dealing with the enter conflict he had. She prayed and took her child to the counselor but last night she had to commit her child to a mental institution because on a scale of 1 to 10 his scale was 9 because of the dealings and coming from this type of background. True, we have to have revenue for our City but not at the risk of our children. These clubs are a legalize means — the owners are pimps and the dancers are prostitutes glorified. She as a Veteran and she stated if she can fight for Vietnam, she could surely fight for her children.

**Kathryn Roy, a wife, daughter and mother of two:** She worked in the industry for 14 years and for the first 11 she was a dancer and never a prostitute, which afforded her the opportunity to provide for her child without the aid of the taxpayers. As of August 14, she is a license cosmetologist and has been actively and aggressively looking for work in my chosen profession with no luck. I have to repay student loans and I am asking you to please not pass the ordinance that could possibly cause me the only job that I have.

**PRESIDENT KENNETH COCKREL:** For the record, the issue that both sides are speaking on is not on our agenda today. There may be an attempt to get it on the agenda. This issue is not on our agenda for vote today.

**Matthew Wolf:** The issue with trying to change laws regarding adult entertainment, whether you believe in it or you does not believe in it; if you do not like it, you do not have to do it. This is not a question of religion. This is about anybody being harm and is it a personal choice.

**Samantha Gapp:** This issue is a choice. She works with numerous people that go to church every Sunday (*laughter in the audience*). She states that you can laugh if you want, but you are laughing at your own people. This is not a question of morality, it is a question of choice, she chose to do this; not because she wants to necessarily but because it is the option she has at this time, and it is what works for her now. If you take this away from us, it will kill the business and take away our survival for the moment. We are in our establishment doing our own thing. You do not have to be a part of it.

**John Dowell** does not support the existence of strip clubs within the confines of the City of Detroit. Studies will support the proposition that cities that have the most relax ordinances concerning location and operation of strip clubs are the cities that are dealing with a disproportion number of undesirable social situations, gamble, assaults, drugs, alcohol abuse, etc. He is not blaming strip clubs for all the illness of society but he is saying that strip clubs contribute to some of society adversities. He proposes that City Council look to other areas in this country that have set up a red light district for such places to operate. I charge City Council with doing the honorable and representative thing for the people of the City of Detroit. I ask you to vote and not postpone the vote and let that vote be a reflection of Godley wisdom and character that our great City needs and had pass on to you.

**Sonya Harris** expressed her opinion that everybody needs an opportunity to survive. There is a way to do everything. If you are a dancer and have experience that type of lifestyle, paid for it, paid taxes and done all the right things in order to survive in this system, you did well. If bombarded with sickness and disease from unprotected sex, beaten or mistreated in that industry, then you did not do well. What God makes crooked, no man can make straight. What God makes straight, no man can make crooked. She is not saying that she is for or against stripping but she like dancing. Each person has to make up their own mind as to how they are going to survive in this system.

**DJ-Hen-House, President of Detroit DJ's**, a coalition of DJ's that operate through the Adult Entertainment known as strip clubs. He has been in the entertainment field for over 23 years. This is about choices; men and women lie but numbers does not. In 2004, 3,600 license dancers in the City of Detroit not including probably 2,000 or 3,000 that were not license. I understand the adult entertainment make up about 18% of Detroit workforce. If we close down the adult entertainment facilities, where do you think these 10,000 people are going? We would rather have a contained situation with adult entertainment opposed to have them free lance throughout the city with no concealment and vendors will suffer as well.

**Wade P. Streeter** (Member of West Village Association and supporter of West Village CDC): He is requesting City Council to review the rezoning of 7850 E. Jefferson for the Pension Board Building that we are strongly against and the CPC recommends that this does not go forth. I and most of my neighbors do not support zoning change for 7850 E. Jefferson.

**Bill Swanson** with the Building Community Development Corporation and a West Village resident; the community is overwhelming against this project at 7850 E. Jefferson for a Pension Board Building. City Planning Commission staff and Mr. Streeter are against the project. The community is against this and we have not had adequate time to address this. The only people supporting this are the Pension Board, developers and contractors that will make a profit on this.

**Doris Edward** (80 years old): She quoted David saying "I have been young and now I'm old and have never seen the righteous forsaken or seen them begging for bread." When your integrity is intact, you do not do any and everything for money. Money is good, it answers all things but the love of money is not good. I do not want to see strip clubs in white or black areas of our City; however, the majorities are in our neighborhoods and she is against it.

**Mark Reynolds** (President of Indian Village Men Garden Club): He spoke in protest of the proposed rezoning of 7850 E. Jefferson to a commercial building from residential. This stinks like week old fish. When something stinks in Detroit, there is usually a reason like Kwame and his text messages. They are protesting this vigorously.

**Betty Roberts** (a long time resident of Indian Village); She is concerning about the rezoning of 7850 E. Jefferson. She asked how did this come before the Council did when the Zoning

Commissioner Jeff rejected it and your Zoning Commission rejected it.

**KWAME KENYATTA**: The item went to law for review. Though various divisions rejected it, it still has to come to Council for approval or denial. At this time, it is going to law, it is not on the agenda, and it will not be on the agenda today.

**Betty Roberts**: She hopes the Council does the right thing and rejects this proposal. Many neighbors in the area are against this proposal and pray that you follow the master plan for the City, which we paid good money to have established.

**Larry Roberts**: Mr. Roberts seconds everything said by Betty Roberts. He does not understand how two members of the committee of Kwame Kenyatta, Barbara-Rose Collins and Martha Reeves overrule what the City Planning Commission and the Planning Division decision on proper course of action, which was no rezoning. The answer to this dilemma for the Pension Board is the technical building at Chene and Jefferson, which is for sell, it has parking, it is ready, and they only have to buy it and move in. He urges Council to deny the rezoning and go forth with the City's Master Plan.

**Patty Fedewa**: She is against the rezoning of 7850 Jefferson.

**Jeanetta Burton**: We are not considering the children who have to walk pass these places. This ordinance should pass to bring regulations as to what they are doing in the clubs. Why are all of these clubs in Detroit and not across Eight Mile?

**Roger James Carter** (Conant/Dequindre Community Development Corporation): Spoke regarding a resolution for City Planning Department, City Planning Commission and Lawrence Tech to work a community plan for their organization. Council Member Reeves has the resolution. We received a demolition order for 75 houses in the area bounded by Dequindre, Conant and E. Davison.

(NOTE: *THE CLERK'S OFFICE RECEIVED ADDITIONAL HANDWRITTEN STATEMENTS FROM PERSONS WISHING TO SPEAK BUT WERE UNABLE DUE TO THE OVERWHELMING NUMBER OF PUBLIC COMMENTS. THESE STATEMENTS ARE ON FILE IN THE CLERK'S OFFICE.*)

And the Council then adjourned to the call of the Chair.

Re: Detroit Gateway Park Outlet Mall/ Shoppes at Gateway Eight Mile/ Woodward Corridor Improvement Authority of the City of Detroit.

On November 9, 2009, I submitted to you for approval my appointees to the board of the above authority. I have been informed that one of those appointees, Felicity Leddy, no longer lives in the area. **Resolution Approving The Members Of The 8 Mile/Woodward Corridor Improvement Authority**

Whereas, The Corridor Improvement Authority Act (CIAA) (MCL 125.2871 et seq) was enacted in 2005 to provide a mechanism for funding improvements and business district other than downtown areas, and

Whereas, The act allows a municipality to form a Corridor Improvement Authority to "capture" the incremental growth in tax revenue from property located in a development area, similar to the method by which municipalities may fund improvements in downtown development areas by creating a downtown development authority, and

Whereas, This City Council approved the Mayor's appointment of the initial members of the 8 Mile/Woodward Corridor Improvement Authority by resolution duly adopted on May 1, 2008 (the "May 1, 2008 Resolution"), however, the members never met and the board of directors was thus never activated, and

Whereas, As a result of recent changes in the development located within the development area of the 8 Mile/Woodward Corridor Improvement Authority, the Mayor of the City of Detroit has appointed new members to the 8 Mile/Woodward Corridor Improvement Authority and has submitted the appointment to City Council for approval, Now Therefore Be It

Resolved, That the Detroit City Council hereby approves the appointment by the Mayor of the City of Detroit of the individuals set forth on the attached list to serve as members of the 8 Mile/Woodward Corridor Improvement Authority, and Be It Further

Resolved, That this Resolution shall supersede and replace in its entirety the May 1, 2008 Resolution, which shall be of no further force or effect.

Honorable City Council:

Re: Petition Number 3228 — Request for City Council Approval for the Issuance of a New Dance and Entertainment Permit by the Michigan Liquor Control Commission in Conjunction with the Transfer of a "Class C" Liquor License from 15839 Telegraph Road to Ren Cen 4 Theatres, Inc., 200 Renaissance Center, Suite 2205 & A102.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a combination dance and entertainment permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice, Request ID Number 490339, to the Detroit City Council, which has been designated by the City Clerk as Petition Number 3228. This petition requests City Council approval for the issuance of a new dance and entertainment permit in conjunction with the transfer of ownership of a "Class C" liquor license, in escrow at 15839 Telegraph, Redford, from Little Caesar Enterprises, Inc., to Ren Cen 4

Theatres ("Petitioner") for a Group "A" Cabaret at 200 Renaissance Center, Suite 2205 and A102.

Buildings and Safety Engineering Department ("B&SE") records indicate that a permit to add a Group "A" Cabaret with a "Class C" liquor license and restaurant use to the location was obtained by the Petitioner on September 23, 2009. Pursuant to Section 5-7-21 of the 1984 Detroit City Code, a Group "A" Cabaret business license is required for any establishment that sells or serves alcoholic beverages with or without food, and either allows dancing with or without live entertainment, or provides three (3) or more live entertainers at one time with or without patron dancing. Accordingly, the Petitioner has applied, and paid the applicable fees, for Group "A" Cabaret and restaurant business licenses for the location. In accordance with Chapter 30 of the 1984 Detroit City Code, Petitioner will have to meet the applicable requirements of the City Code prior to the issuance of the appropriate business licenses for the location. The issuance of a Group "A" Cabaret business license by the City will allow the MLCC to issue a new dance and entertainment permit to Petitioner for the location provided all other requirements are met by the Petitioner.

#### **APPROVAL CRITERIA**

The revised City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VII of the Procedures and Criteria provides that any request pending prior to the effective date of the Procedures and Criteria shall be processed the same as a petition received after the effective date. This petition for approval of the issuance of a new MLCC dance and entertainment permit was pending prior to the aforementioned effective date.

Part VI of the Procedures and Criteria provides that City Council shall grant petitioner's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the petitioner. Pursuant to Part V of the Procedures and Criteria, the Mayor's Office, designated MLCC Permit Coordinator, has filed a report with the City Clerk, dated November 9, 2009, concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Permit Coordinator's report has been provided to Petitioner, the City Planning Commission, and the Law Department. The MLCC Permit Coordinator's report indicates that Petitioner has met the approval criteria contained in the revised Procedures and Criteria.

Accordingly, attached is a proposed Resolution for City Council approval of the

issuance of a new dance and entertainment permit by the MLCC to Ren Cen 4 Theatres, Inc., for the Renaissance Center location. In accordance with Part V of the City Council's Procedures and Criteria, the Law Department recommends that the proposed Resolution, if approved by the Planning and Economic Standing Committee, be referred to the next Committee of the Whole's Formal Agenda for consideration.

Honorable City Council:

Re: Authorization to Submit an Application to State Administrative Board for Approval to Issue Fiscal Stabilization Bonds Not to Exceed \$250,000,000.00.

The City of Detroit (the "City"), had an accumulated (unaudited) operating deficit estimated at \$326,000,000 as of the end of its fiscal year ended June 30, 2009, determined in accordance with generally accepted accounting principles. The City is projecting to incur an additional \$42,000,000 accumulated operating deficit as of the end of its fiscal year ending June 30, 2010, determined in accordance with generally accepted accounting principles.

The aggregate amount of such accumulated operating deficit and projected accumulated operating deficit exceeds the amount which the City may borrow from the Emergency Municipal Loan Fund pursuant to the Emergency Municipal Loan Act, Act No. 243, Public Acts of Michigan, 1980, as amended ("Act No. 243"), and also exceeds the amount that the City can fund by issuing tax anticipation notes pursuant to the Revised Municipal Finance Act, Act No. 34, Public Acts of Michigan, 2001, as amended ("Act No. 34").

The Fiscal Stabilization Act, Act No. 80, Public Acts of Michigan, 1981, as amended ("Act No. 80"), authorizes the City, upon satisfaction of applicable conditions, to borrow money and issue its general obligation bonds for the purpose of funding an operating deficit for a past fiscal year or years or for funding a projected operating

deficit in the current fiscal year, or for funding both. However, before the City may issue bonds under Act No. 80, the City Council of the City (the "City Council") is required by Act No. 80 to make a determination by resolution that certain conditions exist, including a determination of the maximum amount of bonds the city is necessary top issue in order to fund the deficit and other related matters, and to apply to the State Administrative Board for an order approving issuance of the bonds.

The administration requests authorization to submit an application to the State Administrative Board for approval to issue fiscal stabilization bonds not to exceed \$250,000,000.

A Waiver of Reconsideration is requested.

Whereas, On April 18, 2009, the City issued \$127,375,000 of its Revenue Anticipation Notes, Series 2009 (the "2009 RANs") to fund certain operating expenses for fiscal year ended June 30, 2009, which 2009 RANs are due and payable on March 1, 2010; and

Whereas, The Fiscal Stabilization Act, Act No. 80, Public Acts of Michigan, 1981, as amended ("Act No. 80"), authorizes the

City, upon satisfaction of applicable conditions, to borrow money and issue its bonds for the purposes, among other things, of funding an operating deficit for a past fiscal year or years or for funding a projected operating deficit in the current fiscal year, or for funding both and to refund outstanding bonds or obligations, including, but not limited to, the 2009 RANs as finally determined by the Finance Director of the City (the "Finance Director") pursuant to the resolution authorizing the issuance of the bonds (the "Bond Authorizing Resolution"); and

Whereas, Before the City may issue bonds under Act No. 80, the City Council of the City (the "City Council") is required by Act No. 80 to make a determination by resolution that certain conditions exist, including a determination of the maximum amount of bonds necessary to fund the deficit and other items payable from proceeds of the bonds, and for the City to apply to the State Administrative Board for an order approving issuance of the bonds.

Now, Therefore Be It Resolved by the City Council that:

Section 1. Determination of Accumulated Operating Deficit. The City Council determines, based on estimates provided by the Finance Department of the City, that the City had an accumulated unaudited operating deficit estimated at \$326,000,000 as of the end of its last fiscal year ended June 30, 2009, and is projecting to incur an additional \$42,000,000 accumulated operating deficit as of the end of its current fiscal year ending June 30, 2010. These determinations of the accumulated operating deficit and the additional projected accumulated operating deficit have been made in accordance with generally accepted accounting principles.

Section 2. Determination of Exhaustion of Sources to Fund the Deficit. The City Council determines that the aggregate amount of its accumulated operating deficit and additional projected accumulated operating deficit exceeds the amount which the City may borrow from the Emergency Municipal Loan Fund pursuant to Act No. 243, and also exceeds the amount that the City can fund by issuing tax anticipation notes pursuant to Act No. 34.

Section 3. Determination of Maximum Amount and Use of Proceeds of the Bonds. Subject to the limitations of Section 4(8) of Act No. 80, the City Council hereby determines that it is necessary to issue its bonds (the "Bonds") pursuant to Act No. 80 in the principal amount not to exceed \$250,000,000, for the purpose of providing funds to fund (i) all or a portion of the accumulated operating deficit for the fiscal year ended June 30, 2009 and the additional projected

accumulated operating deficit for the fiscal year ending June 30, 2010, (ii) an amount necessary to prepay all or a portion of the principal of and interest on the 2009 RANs, and such other obligations or bonds of the City as determined by the City Council in the Bond Authorizing Resolution, if outstanding when the Bonds are issued and so determined by the Finance Director at the time of sale of the Bonds, (iii) a reserve to secure payment of principal of or interest on the Bonds in an amount not exceeding the maximum amount of principal and interest coming due on the bonds in any fiscal year, if necessary, (iv) a discount of not to exceed 10% of the principal amount of the Bonds, and (v) an amount sufficient to pay all legal, financial, accounting, printing and other expenses related to the issuance of the Bonds.

Section 4. Application to State Administrative Board. The Finance Director is hereby authorized to make application to the Secretary of the State Administrative Board for an order approving issuance of the Bonds and shall attach to the application a certified copy of this Resolution.

Section 5. Deficit Funding Plan. The Mayor shall furnish the State Administrative Board with a statement signed by the Mayor indicating how the City intends to avoid future deficits.

Section 6. Security for the Bonds. The Bonds shall be secured by the limited tax full faith and credit of the City and may be payable from money received or to be received by the City derived from the imposition of taxes by the State of Michigan and returned to or to be returned to the City as provided by law, except for money the State Constitution of 1963 prohibits for such use, or a combination of both, as finally determined in the bond authorizing resolution.

Section 7. Authorization of City Officials. The Mayor, Finance Director and the City Clerk of the City are hereby authorized and directed on behalf of the City to take any and all other actions, perform any and all acts and execute any and all documents that shall be required, necessary or desirable to implement this Resolution.

Section 8. Appointment of Bond Counsel; Engagement of Other Parties. The appointment by the Finance Director of the law firm of Miller, Canfield, Paddock and Stone, P.L.C. of Detroit Michigan, as Bond Counsel for the Bonds is hereby ratified and confirmed, notwithstanding the periodic representation by Miller, Canfield, Paddock and Stone, P.L.C., in unrelated matters of other parties and potential parties to the issuance of the Bonds. The fees and expenses of Miller, Canfield, Paddock and Stone, P.L.C. as Bond Counsel and other accumulated bond related fees and expenses shall be

payable as a cost of issuance from proceeds of the Bonds or other available funds in accordance with the letter of such firm on file with the Finance Director. The Finance Director is authorized to engage other consultants, financial advisors, or other parties as he deems necessary and appropriate in connection with the sale, issuance and delivery of the Bonds and to pay the fees and expenses thereof from the proceeds of the Bonds or other available funds.

Section 9. Severability and Conflict. If any one or more sections, clauses or provisions of this Resolution shall be determined by a court of competent jurisdiction to be invalid or ineffective for any reason, such determination shall in no way affect the validity and effectiveness of the remaining sections, clauses and provisions hereof.

Section 10. Repeal. Savings Clause. All resolutions or parts of resolutions or other proceedings of the City in conflict herewith shall be and the same hereby are repealed insofar as such conflict exists.

Section 11. Publication and Recordation. This Resolution shall be published in full in the *Detroit Legal News*, a newspaper of general circulation in the City qualified under state law to publish legal notices.

Section 12. Effectiveness. This Resolution shall take effect immediately upon its adoption by the City Council.

#### Law Department

November 3, 2009

Honorable City Council:

Re: Petition Number 1313 — Request for City Council Approval for the Issuance of an Entertainment and Topless Activity Permit by the Michigan Liquor Control Commission in Conjunction with the Transfer of a "Class C" Liquor License from S.A. Restaurants, Inc., to ABCDE Operating, LLC, for a Group "D" Adult Cabaret at 20771 West Eight Mile Road, a/k/a 20651 West Eight Mile Road.

Section 916(10)(b) of the Michigan Liquor Control Code of 1998, being MCL 436.1916(10)(b), requires that prior to the issuance of a Michigan Liquor Control Commission ("MLCC") dance or entertainment permit, or a topless activity permit, a location licensed by the MLCC for the sale of alcoholic beverages on the premises shall obtain the approval of the legislative body of the municipality within which the premises are located.

Pursuant to this requirement, the MLCC has forwarded a Local Approval Notice, Request ID Number 392242, to the Detroit City Council, which has been designated by the City Clerk as Petition Number 1313. This petition requests City Council approval for the issuance of an entertainment permit and a topless activity permit in conjunction with the transfer of ownership of a "Class C" liquor license at 20771 West Eight Mile Road from S.A. Restaurants, Inc., to ABCDE Operating, LLC ("Petitioner").

#### LAND USE

Buildings and Safety Engineering Department ("B&SED") records indicate

that the address of the licensed premises is 20651 West Eight Mile Road, a/k/a 20771 West Eight Mile Road. Chapter 61 of the 1984 Detroit City Code, *Detroit Zoning Ordinance*, Article XVII Zoning Map Number 72 indicates that both of the aforementioned addresses are located on land zoned B4 (General Business District). Further, B&SE reports that the current legal use of the location is an adult cabaret, which was established in 1981 pursuant to Permit Number 79211 and corresponding CEDD Case Number 134-81. Therefore, an adult cabaret was permitted at the location prior to the amendments to the Detroit Zoning Ordinance, which currently prohibits adult cabarets in a B4 zoning district. As such, pursuant to Sections 61-1-12, 61-15-3, and 61-16-142 of the 1984 Detroit City Code, *Detroit Zoning Ordinance*, the continued operation of a Group 'D' Adult Cabaret at the location is a legal nonconforming use. Therefore, the use of the location for an adult cabaret that features topless activity is permitted subject to compliance with all relevant state codes and City ordinances, since neither the Detroit Zoning Ordinance, nor state law, prohibit the continued use of the location for a Group 'D' Adult Cabaret.

#### LICENSING

Section 5-2-1 of the Detroit City Code defines a Group 'D' Adult Cabaret as an establishment open to the public which sells or serves alcoholic beverages with or without food, and provides entertainment that is distinguished or characterized by an emphasis upon, or a relation to, specified anatomical areas or specified sexual activities, as also defined in Section 5-2-1. Accordingly, the Petitioner has applied for a Group 'D' Adult Cabaret business license with the B&SE Business License Center for the adult cabaret at the subject location. Pursuant to Chapter 30 of the 1984 Detroit City Code, Petitioner will have to meet the applicable requirements of the City Code prior to the issuance of the appropriate business license for the location. The issuance of a Group 'D' Adult Cabaret business license by the City will allow the MLCC to issue an entertainment permit and a topless activity permit to ABCDE Operating, LLC, for the location, provided all other requirements are met by the Petitioner.

#### APPROVAL CRITERIA

The revised City Council Procedures and Criteria for Michigan Liquor Control Commission Permits ("Procedures and Criteria") became effective upon publication on August 25, 2009. Part VII of the procedures and Criteria provides that any request pending prior to the effective of the Procedures and Criteria shall be processed the same as a petition received after the effective date. This petition was pending prior to the aforementioned effective date.

Part VI of the Procedures and Criteria provides that City Council shall grant petitioner's request for approval of the issuance of an MLCC permit unless one or more of the eleven (11) specified criteria are not met by the petitioner. Pursuant to Part V of the Procedures and Criteria, the Mayor's Office, designated MLCC Permit Coordinator, has filed a report, dated October 22, 2009, concerning the approval criteria contained in Part VI of the Procedures and Criteria. A copy of the Permit Coordinator's report has been provided to Petitioner, the City Planning Commission, and the Law Department. It is noted that at the time of the City's receipt of Petitioner's application for approval of the issuance of an entertainment permit and a topless activity permit, a business sign on the premises exceeded the maximum amount of area allowed by Section 3-7-5 of the 1984 Detroit City Code. However, in order to meet the approval criteria, petitioner has caused the offending business sign to be removed.

**RECOMMENDATION**

The MLCC Permit Coordinator's Report indicates that Petitioner has met the approval criteria contained in the revised Procedures and Criteria. Accordingly, attached is a proposed Resolution for City Council approval of the issuance of an entertainment permit and a topless activity permit by the MLCC to ABCDE Operation, LLC, for the adult cabaret at 20651 West Eight Mile Road, a/k/a 20771 West Eight Mile Road. In accordance with Part V of the City Council's Procedures and Criteria, the Law Department recommends that the proposed Resolution, if approved by the Planning and Economic Standing Committee, be referred to the Committee of the Whole's Formal Agenda for consideration.

If there are any questions or concerns, please do not hesitate to contact our office.

Respectfully submitted,  
 KRYSTAL A. CRITTENDON

If all parties accept the panel's evaluation, judgment will be entered in that amount, which includes all fees, costs, and interest to the date of judgment. If a party rejects the evaluation, the case proceeds to trial; however the party rejecting evaluation must pay additional sanctions if the trial results are not favorable.

We have reviewed the above-captioned lawsuit, the facts and particulars of which are set forth in the memorandum submitted under separate cover. From this review, it is our considered opinion that acceptance of the case evaluation in the amount of Thirty-Thousand Dollars (\$30,000.00) is in the best interest of the City of Detroit. The acceptance of the case evaluation does not guarantee settlement of the matter in this amount since the plaintiff has the right to reject the award and proceed to trial. However, an eventual settlement of this matter in this amount is prudent.

We, therefore, request your Honorable Body to authorize the acceptance of the case evaluation and direct the Finance Director to issue a draft in the amount of Thirty Thousand Dollars (\$30,000.00) payable to Michael Gregory and Cardelli, Lanfear & Buikema, his attorney, to be delivered upon receipt of the notice of mediation settlement and Order of Dismissal.

**City Planning Commission**

November 13, 2009

Honorable City Council:

Re: Special District Review of proposed repairs to the main branch of the Detroit Public Library at 5201 Woodward Avenue (PC District) (Recommend Approval).

On October 22, 2009, the staff of the City Planning Commission (CPC) received an application to repair, replace, and restore various elements of and near the roof of the Detroit Public Library's main branch at 5201 Woodward Avenue. Section 61-3-181 of the Detroit Zoning Ordinance mandates that special district review shall take place in all areas zoned PC (Public Center) to "ensure that the exterior appearance and function of any building or other development in or near the downtown Civic Center and Cultural Center are compatible with and complementary to the central urban core." The Detroit Public Library's main branch is in a PC zoning district. Planning and Development Department (P&DD) and CPC staffs have reviewed the application and submit this report and recommendation.

**REVIEW**

Section 61-3-185 of the Zoning Ordinance requires CPC and P&DD to review "the exterior design, appearance, and location of any proposed building, or exterior alteration of any existing building, structure, or premises, or part thereof.... Such review is to ensure harmony with the Public Center and for consistency with the spirit, intent, and purpose of [the Zoning Ordinance]."

The majority of the proposed repairs and restoration will occur on parts of the library that are not visible to passing pub-

lic and will not affect the exterior appearance of the building. The major work that will be visible from the exterior of the building is the restoration (repair and replacement) of the terracotta parapet along the edge of the building's roof. The terracotta will be restored to its original appearance. In addition, the roofs of the building's penthouses will be replaced with standing seam metal roofs, which are also visible from the street.

CPC staff finds that the proposal meets the applicable provisions of the PC district review criteria listed in Section 61-11-77:

(1) *The proposed development should reflect applicable policies stated in the Detroit Master Plan.*

The subject area is in the Lower Woodward area of Neighborhood Cluster 4 of the Detroit Master Plan of Policies. The proposed repairs to the Detroit Public Library's main branch will help achieve the Plan's stated goal (goal 5) for the area of preserving historic buildings and sites. The proposal meets policy 5.1 (p. 121), which is to "[g]ive high priority to the preservation of historic buildings, especially the restoration and rehabilitation of building facades."

(3) *The proposed development should be compatible with surrounding development in terms of land use, general appearance and function and should not adversely affect the value of adjacent properties.*

The proposed repairs will not significantly alter the original exterior appearance of the building; therefore, adjacent properties will not be adversely affected.

(14) *Preservation/restoration of buildings having architectural or historic value should be considered a primary objective.*

The proposal meets criterion 14 because the primary objectives of the repairs are to restore original architectural elements of the historic building and to maintain its structural integrity. The proposed materials are compatible with the historic nature of the subject building.

**RECOMMENDATION**

CPC staff has completed its review of the proposed repairs to the Detroit Public Library's Main Branch, as has P&DD staff. We find the proposed repairs to be in keeping with the spirit and intent of the PC zoning district and the Detroit Master Plan. Therefore, CPC staff recommends approval of the repairs as proposed. Please find attached the appropriate resolution to effectuate this recommendation.

Respectfully submitted,

November 18, 2009

Honorable City Council:

Re: Special District Review of proposed parking lot adjacent to a historic building at 100 W. Kirby Avenue, which is in an Interim Historic District (PCA District) (RECOMMEND APPROVAL

WITH CONDITION).

The staff of the City Planning Commission (CPC) has received an application for the construction of a parking lot adjacent to an historic building at 100 West Kirby Avenue, which is in an Interim Historic District. Section 61-3-181 of the Detroit Zoning Ordinance mandates that special district review shall take place in all areas zoned PCA ("Restricted Central Business District") to "ensure that the exterior appearance and function of any building or other development in or near the downtown Civic Center and Cultural Center are compatible with and complementary to the central urban core." Your Honorable Body approved a rezoning of the subject property from PC to PCA on July 7, 2009 (Ord. No. 08-09).

#### REVIEW

Section 61-3-185 of the Zoning Ordinance requires CPC and the Planning and Development Department (P&DD) to review "the exterior design, appearance, and location of any proposed building, or exterior alteration of any existing building, structure, or premises, or part thereof. . . . Such review is to ensure harmony with the Public Center and for consistency with the spirit, intent, and purpose of [the Zoning Ordinance]."

Work has already occurred on the premises of 100 W. Kirby, such as cutting trees and replacing the roof of the existing historic structure, that due to an error was not referred by the Buildings and Safety Engineering Department to CPC for review as is required by the Zoning Ordinance. The portion of the applicant's project that is the subject of this report is the parking lot; subsequent parts of the project (signs, windows, etc.) will be reviewed at a later date. The parking lot review has been separated from the rest of the project and expedited in consideration of the coming winter and the deadline for obtaining asphalt before the factories close due to cold weather.

CPC staff has reviewed a site plan for the parking lot that was submitted on November 11, 2009. It was found to meet the requirements under Section 61-11-97 (PCA District Review Criteria) of the Zoning Ordinance. However, because the subject property is in an Interim Historic District, established by City Council on September 21, 2009, the applicant's proposal must also be reviewed by the Historic District Commission. Section 61-2-151 mandates that the Historic District Commission shall review all permit applications in historic districts. CPC staff asks that City Council authorize the construction of the proposed parking lot, pending historic review. CPC staff would then request a revised site plan for the parking lot that is based on the Historic District Commission Review and sign off on the building permit only after the review is finished and adequately reflected in the

plans.

#### RECOMMENDATION

CPC staff recommends conditional approval of the proposed parking lot, pending required review by the Historic District Commission. Please find attached the appropriate resolution to effectuate this recommendation.

Respectfully submitted,

MARCELL R. TODD, JR.

Whereas, The owners of 100 West Kirby, an historic building, desire to construct a parking lot adjacent to it; and

Whereas, 100 West Kirby is subject to provisions of Article XI, Division 5 (Sec. 61-11-81-98) of the Detroit Zoning Ordinance, the PCA (Public Center District) zoning classification; and

Whereas, The PCA zoning district classification requires that exterior alterations to buildings within a PC district be approved by resolution of the City Council following Special District Review and the receipt of a written report and recommendation from the City Planning Commission and the Planning and Development Department; and

Whereas, 100 West Kirby is located in an Interim Historic District, requiring the proposed parking lot to be reviewed by the Historic District Commission; and

Whereas, The City Planning Commission can sign off on a revised site plan for the proposed parking lot after the proposal is reviewed by the Historic District Commission;

Now, Therefore, Be It

Resolved, That the Detroit City Council authorizes the Buildings and Safety Engineering Department to issue a permit for the proposed project to construct a parking lot adjacent to an historic building at 100 West Kirby Avenue, described in the foregoing communication from the City Planning Commission staff, dated November 19, 2009, and depicted in the drawings dated November 10, 2009 and prepared by Kamal Tolia, and subject to review and modification by the City of Detroit Historic District Commission.

Re: Applications for twenty-two (22) Neighborhood Enterprise Zone Certificates for the Euclid Street Townhouse Area (Recommend Approval).

The City Clerk's Office forwarded to this office twenty-two (22) applications from Euclid Townhomes Limited Dividend Housing Association Limited Partnership/ Mt. Moriah Community Development Corp. for Neighborhood Enterprise Zone (NEZ) certificates at 658, 660, 668, 670, 760, 762, 816, 818, 828, 830, 904, 906, 914, and 916 W. Euclid Street. Additional certificates for properties located at 689, 691, 699, 701, 709, 711, 803, and 805 W. Philadelphia Street were also submitted. Your Honorable Body approved the Mt. Moriah NEZ designation on February 26, 2008. City Planning Commission staff has reviewed the applications and recommends approval.

The properties involved are confirmed as being within the boundaries of the NEZ and should be eligible for NEZ certificates under State Act 147 of 1992 as currently written. Euclid Townhomes Limited Dividend Housing Association Limited Partnership has applied for the certificates, prior to the issuance of building permits, on behalf of the future owners who will occupy the property. It is appropriate for them to apply for certificates at this time, even if buyers have not yet been identified. The State Tax Commission, however, will not issue certificates until owners are identified. When owners are

identified, they can then apply for the certificates. At that time, it would not be necessary for City Council to pass another resolution.

The petitioner proposes to construct townhouse dwellings in this area. The developer will need to submit to the State Tax Commission the parcels to receive the certificates with a map showing the parcels.

Please let us know if you have any questions.

BARBARA WISE-JOHNSON  
Labor Relations Division

By Council Member Kenyatta:

Whereas, The Labor Relations Division, under the direction of the Mayor, is authorized and directed by the City Charter to act for the City of Detroit in negotiation and administration of collective bargaining contracts, and

Whereas, The Labor Relations Division and SEIU, have met and negotiated this Memorandum of Understanding which allows plan participants to apply for loans and receive loans under the terms specified in the attached Memorandum of Understanding.

Now, Therefore Be It Resolved, That the Memorandum of Understanding between the City of Detroit and SEIU is hereby approved and confirmed in accordance with the foregoing communication, and be it further Resolved, that this action be taken with a waiver of consideration.

**MEMORANDUM OF UNDERSTANDING  
BETWEEN THE  
CITY OF DETROIT  
AND  
SERVICE EMPLOYEES  
INTERNATIONAL UNION LOCAL 517M  
Re: Employee Loan Program.**

In fulfillment of their collective bargaining obligations under the Michigan Public Employees Relations Act ("PERA") MC423.215, the parties agree that a Participant Loan Program will be available to bargaining unit members. Its terms will be as follows:

(a) **Established:** Any loans granted or renewed shall conform with the requirements of Section 72(p) of the Internal Revenue Code, 26 U.S.C.1 et seq. Such loan program shall be established in writing by the Board of Trustees, and must include, but need not be limited to the following:

1. The identity of the administrator of the Participant Loan Program;
2. A procedure to apply for loans, the amount of loan that will be approved or denied, and limitations, if any, on the types and amount of loans offered;
3. The procedure under the program

for determining a reasonable rate of interest; and

4. The events constituting default and the steps that will be taken to preserve plan assets.

(b) **The Loan Program:** The Loan Program shall be contained in a separate written document copies of which shall be made available in the offices of the City of Detroit General Retirement System for prospective participants in the program. The Board of Trustees is authorized to adopt rules and regulations, from time to time, to govern the administration and the operation of this program. Copies of the rules shall also be made available to prospective participating members of the system in the offices of the General Retirement System.

(c) **Eligibility:** Subject to the rules and procedures established by the General Retirement System Board, loans will be made to bargaining unit members. Former participants, spouses of participants, and beneficiaries are not eligible to receive any loans from the Plan. Subject to rules and procedures established by the Board, a participant who has been in the plan for twelve (12) months or more is eligible to apply for a loan from this plan.

(d) **Amount of Loan:** A participant who has satisfied applicable rules and procedures may borrow from his or her account an amount, which does not exceed fifty percent (50%) of the participant's vested accumulated balance, or ten thousand dollars (\$10,000.00) reduced by the excess, if any, of: 1) the highest outstanding balance of loans from the trust during the one (1) year period ending on the day before the date on which the loan is made, or 2) the outstanding balance of loans from the trust on the date on which the loan is made, whichever is less. The minimum loan amount shall be one thousand dollars (\$1,000.00).

(e) **Terms and Conditions:** In addition to such rules and procedures that are established by the Board, all loans shall comply with the following terms and conditions:

1. Loan applications shall be in writing;
2. Loan shall be repaid by equal payroll deductions over a period not to exceed five (5) years, or, where the loan is for the purpose of buying a principal residence, a period not to exceed fifteen (15) years. In no case shall the amount of the payroll deduction be less than twenty dollars (\$20.00) for any two-week period;
3. Each loan shall be made against the assignment of the participant's entire right, title, and interest in and to the trust supported by the participant's collateral promissory note for the amount of the loan, including interest payable to the order of the trustee;
4. Each loan shall bear interest at a

rate determined by the Board. The Board shall not discriminate among participants in its determination of interest rates on loans. Loans initiated at different times may bear different interest rates, where, in the opinion of the Board, the difference in rates is supported by a change in market interest rates or a change in the pension system's current assumed rate of return. The loan interest rate shall bear a reasonable relationship to market rates for secured loans of a similar duration and shall bear a reasonable relationship to the costs to the pension trust of administering the trust. The loan interest rate shall be calculated in a manner that will not negatively affect the City's costs to the trust or the return to trust members.

5. Loan repayments shall be suspended under this plan as permitted by Section 414(u)(4) of the Internal Revenue Code, 26 U.S.C. 414(u)(4). A participant who has an outstanding loan balance from the plan who is absent from employment with the employer, and who has satisfied the requirements of 26 USC 414(u) of the Internal Revenue Code shall not be required to make loan repayments to the fund during said periods of absence.

(f) **Renewal of Loan:** Any loans granted or renewed shall be made pursuant to the participant loan program and Section 72(p) of the Internal Revenue Code, 26 U.S.C. 72(p) and the regulations thereunder.

(g) **Loan Balance:** A participant's outstanding loan balance shall be considered a directed investment by the participant and interest payments, shall be credited to the participant's account balance, and shall not be part of net investment income or part of the participant's account balance for the purpose of allocation of net investment income under Section 47-2-18 of the City Code.

(h) **Distribution:** No distributions shall be made to a participant, former participant, or beneficiary until all loan balances drawn on the applicable vested accumulated balance and applicable accrued interest have been liquidated.

(i) **Annual Report:** The General Retirement System shall include in their annual report to all members, an accounting of the loan program established by this section, which contains the number and amount of loans made, the costs of administering the program, the amount of payments made including interest received by the trust, the amount of loans outstanding, including any defaults or delinquencies, and an evaluation as to whether the interest charged in the fiscal year covered the costs of administering the program.

Based on the request of the union, in recognition of what it views as the severest of economic hardships now being experienced by its bargaining unit mem-

bers, the parties agree that eligibility for participation in said loan program will be in accordance with the provisions contained herein, and shall be effective immediately upon the signing of this Memorandum of Understanding and ratification by City Council. All necessary steps shall be taken to ensure that the implementation date of the Employee Loan Program for members of this bargaining unit shall occur as soon as administratively possible so that it coincides with the initial implementation date established by the General Retirement System.

The parties agree that this Memorandum of Understanding represents the sole and complete agreement regarding the Participant Loan Program for members of this bargaining unit, that this Agreement in full text shall be incorporated in the successor Labor Agreement and shall remain in full force for the duration of said successor agreement, and in recognition that the Participant Loan Program is a mandatory subject of bargaining, no modifications can be made unless collectively bargained and mutually agreed between the parties hereto.

On February 7, 2007, (Detroit Legal News, Page 6), your Honorable Body authorized an Assignment, Assumption and Consent Assumption assigning interest in the above-captioned property from Kemerko Mack, LLC, a Michigan Limited Liability Company to Cass Corridor Neighborhood Development Corporation, a Michigan Non-Profit Corporation. Under the terms of the Agreement, Cass Corridor Neighborhood Development Corporation proposed to rehabilitate the property into approximately thirty-five (35) two-bedroom units and the development period was extended until December 31, 2008.

Respectfully submitted,  
MARJA M. WINTERS

Deputy Director

By Council Member Collins:

Whereas, D & H Medical LLC, has filed with the City Clerk an Application for an Obsolete Property Rehabilitation Exemption Certificate, under Public Act No. 146 of 2000 ("the Act") in City of Detroit Obsolete Property Rehabilitation District in the manner and form prescribed by the Michigan State Tax Commission; and

Whereas, This City Council on November 25, 2008 established by Resolution Obsolete Property Rehabilitation District in the vicinity of 3105 & 3021 Carpenter Road, Detroit, Michigan, after a Public Hearing held November 19, 2008, in accordance with the Act; and

Whereas, The taxable value of the property proposed to be exempt plus the aggregate taxable value of property already exempt under the Act and under Public Act 198 of 1974 exceeds 5% of the

total taxable value of property in the City of Detroit; and

Whereas, The rehabilitation includes improvements aggregating 10% or more of the true cash value of the property at the commencement of the rehabilitation as provided by Section 2 (1) of the Act; and

Whereas, This City Council has granted until the December 31, 2010 for the completion of the rehabilitation; and

Now Therefore Be It

Resolved, That it is hereby found and determined that the granting of an Obsolete Property Rehabilitation Exemption Certificate, considered together with the taxable value of Obsolete Property Rehabilitation Exemption Certificates and Industrial Facilities Exemption Certificates if previously granted and currently in force, will not have the effect of substan-

tially impeding the operation of the local governmental unit or impairing the financial soundness of any other taxing unit which levies an ad valorem property tax with the City of Detroit; and be it further

Resolved, That it is hereby found and determined that the Applicant has complied with the requirements of the Act; and be it further

12. Effective Date.

This Agreement shall become effective upon issuance by the Michigan State Tax Commission of an OPREC covering the facility, and shall be null and void and of no force or effect whatsoever unless the Michigan State Tax Commission issues an OPREC to the Applicant covering the Facility. 2. An Annual Utility Permit and Rights of Way Access Agreement between the City and Detroit Edison.

3. An agreement between the Department of Public Works (“DPW”), City of Detroit (“City”) and Michigan Consolidated Gas Company (“MichCon”) concerning “Disputed Permit and Inspection Fees for the period beginning July 3, 2006 and ending June 30, 2008 and Issuance of Permits for 2009.”

4. An Annual Utility Permit and Right of Way Access Agreement between the City and MichCon.

After lengthy negotiations between the City and the DTE Energy subsidiary companies, interdependent agreements resulted in establishing processes for Right of Way permitting and settlement of disputed billings. Upon execution of the agreements, the City will receive payment of the settlement amount in full, along with streamlined business processes that will make operations more efficient. DPW recommends that these agreements be approved as a package.

We are available to answer any questions that you may have concerning these Agreements. Thank you for your consideration.

Respectfully submitted,  
 ALFRED JORDAN  
 Director  
 Department of Public Works

By Council Member Tinsley-Talabi:

Whereas, Extended negotiations between the City of Detroit (“City”), and two subsidiary companies of DTE Energy Company, those being Detroit Edison Company (“Edison”) and Michigan Consolidated Gas Company (“MichCon”), have resulted in a package of interdependent agreements among the parties; and

Whereas, These agreements are more particularly designated as:

1. An agreement between the Department of Public Works (“DPW”), City of Detroit (“City”) and Detroit Edison Company (“Edison”) concerning “Disputed Permit and Inspection Fees for the period up to and including December 31, 2008 and Issuance of Permits for 2009.”

2. An Annual Utility Permit and Rights of Way Access Agreement between the City and Detroit Edison.

3. An agreement between the Department of Public Works (“DPW”), City of Detroit (“City”) and Michigan Consolidated Gas Company (“MichCon”) concerning “Disputed Permit and Inspection Fees for the period beginning July 3, 2006 and ending June 30, 2008 and Issuance of Permits for 2009.”

4. An Annual Utility Permit and Rights of Way Access Agreement between the City and MichCon; and

Whereas, It is anticipated that these agreements, if approved, will benefit the City, Edison and MichCon by resolving disputed matters and by establishing a more efficient procedure for the granting of permits required for the performance of work in the Right of Way to maintain and improve utility services essential to the health and welfare of the citizens of the City, and

Whereas, It is recognized that these agreements are all part of an interdependent overall resolution of issues which have existed among the parties for an extended period;

Now, Therefore be it

Resolved, That, pursuant to Section 7-701 of the 1997 Charter of the City of Detroit, the City Council approves the four agreements designated above and attached hereto,

Be it further

Resolved, That the Detroit City Clerk is directed to endorse that the Detroit City Council has approved each of the four attached agreements and to send a copy so endorsed of each agreement to each signatory party.

Honorable City Council:

Re: Petition No. 3426 — METCO Services/Velmeir Companies request the vacation of public rights-of-way; the conversion to easement of public rights-of-way and the dedication of land for public street purposes, all in the area bounded by Cochrane, Grand River, Martin Luther King Jr. Blvd. and Magnolia for the construction of a new CVS Pharmacy Store No. 75157.

Petition No. 3426 of METCO Services Inc., at 1274 Library, Ste. 400, Detroit, Mi. 48226 on behalf of the Velmeir Companies (the "Petitioner"), 5757 W. Maple Rd., Ste. 800, W. Bloomfield, Mi. 48322 request the outright vacation of the north-south and east-west public alleys, 20 feet wide, in the block bounded by Cochrane Avenue, 65 feet wide, West Grand River Avenue, 100 feet wide, Martin Luther King Jr. Boulevard (formerly Myrtle St.) 124 feet wide, and Brainard Street, 50 feet wide; request the conversion of said Brainard Street, between said Cochrane Avenue, and West Grand River Avenue; all of the public alleys 20 feet wide, in the block bounded by said Cochrane, W. Grand River, Brainard and Magnolia into private easements for public utilities; and the dedication of 80.00 feet of land, widening Martin Luther King Jr. Boulevard (formerly Myrtle) to the north, from 50.00 feet wide to 130.00 feet wide, between Cochrane Avenue, 65 feet wide and Trumbull Avenue, 100 feet wide, in order to facilitate construction.

Your Honorable City Council has previously approved and recommended the rezoning of land from R2 to B4 and the sell of City owned land so that the vacant parcels can accommodate the new 13,225 square foot CVS Drive Thru Pharmacy Store.

The City Planning Commission, the Planning and Development Department, the City Engineering Division — DPW/ Street Design Bureau, the Traffic Engineering Division of DPW and the Environmental Affairs Department have approved the request. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.

The Detroit Water and Sewerage Department (DWSD) reported no objections to the changes in public rights-of-way provided, that the "Petitioner" owns all adjacent properties and provided that an easement is reserved for the DWSD facilities that are to remain or the "Petitioner" agrees to relocate the sewers and the water mains at no cost to DWSD.

The Public Lighting Department (PLD) reported having overhead and underground fed streetlights and an alley light in the requested area. The removal of PLD facilities will have an estimated cost of \$4000.00. The PLD has no objection to the out-right vacations provided, that the petitioner also reserves an easement for PLD facilities. The "Petitioner" has agreed to remove said facilities at no cost to the PLD.

AT&T reports no objection to the proposed changes in public rights-of-way.

DTE Energy — MichCon Gas Company, reports no objection provided that an easement is reserved within Brainard St., between Cochran and W. Grand River to accommodate the existing 6" — CI-10# 1956 gas main, 9 ft. north of the south line of said Brainard St.

DTE Energy — Electric request that the "Petitioner" contact the customer growth section to determine the nature and costs of removing and/or rerouting services (if necessary).

All other city departments and privately owned utility companies have reported no involvement to the requested right-of-way changes or that satisfactory arrangements have been made. Provisions protecting utility installations (if necessary) are part of the resolution.

The Planning and Development Department (P&DD) request that the Honorable City Council accept the deeds and or cause that land further described in this resolution be transferred from the Planning and Development Department to the Department of Public Works inventory for street opening purposes; provided said property complies with the requirements of Detroit codes and ordinance No. 29-94, Detroit Code Sections 2-1-11 through 2-1-15 also known as the "Environmental Review Guidelines", and that the fee owner submit a properly executed deed; proof of lien-free ownership; proof of paid Wayne County taxes and proof of paid Detroit property taxes. It should be known that Martin Luther King Jr. Boulevard (formerly Myrtle) to the north, from 50.00 feet wide to 130.00 feet wide, between Cochrane Avenue, 65 feet wide and Trumbull Avenue, 100 feet wide has been constructed by the City of Detroit to City Engineering Division — DPW specifications and that this opening is to formally set aside land for public street purposes. The legal description included in this resolution was created using "as-built" drawings on file in the City

Engineering Division — DPW/Street Design Bureau.

All city departments and privately owned utility companies have no objections to the requested dedications of new public street and alley rights-of-way.

An appropriate resolution is attached for consideration by your Honorable Body.

Respectfully submitted,

Cole Home for Funerals Inc." request the conversion to easement the East-West public alley 18 feet wide and a portion of the North-South public alley 16 feet wide; Also request that the Honorable City Council accept an easement, 16 feet wide, over private property for a new alley outlet all in the block bounded by Florence Avenue, 50 feet wide, Puritan Avenue, 66 feet wide, Schaefer Highway, 86 feet wide, and Hartwell Avenue, 60 feet wide. This is phase two of construction for the new James H. Cole funeral home.

The City Engineering Division — DPW/ Street Design Bureau and the Traffic Engineering Division of DPW approved the request. The petition was referred to the City Engineering Division — DPW for investigation (utility review) and report. This is our report.
